DEMOGRAPHY

TABLE 1: ANALYSIS BASED ON STATE OF DEPLOYMENT

State of Depolymnt	Frequency	Percentage
Kaduna	415	64.74%
Abuja	226	35.26%
Total	641	100.00%

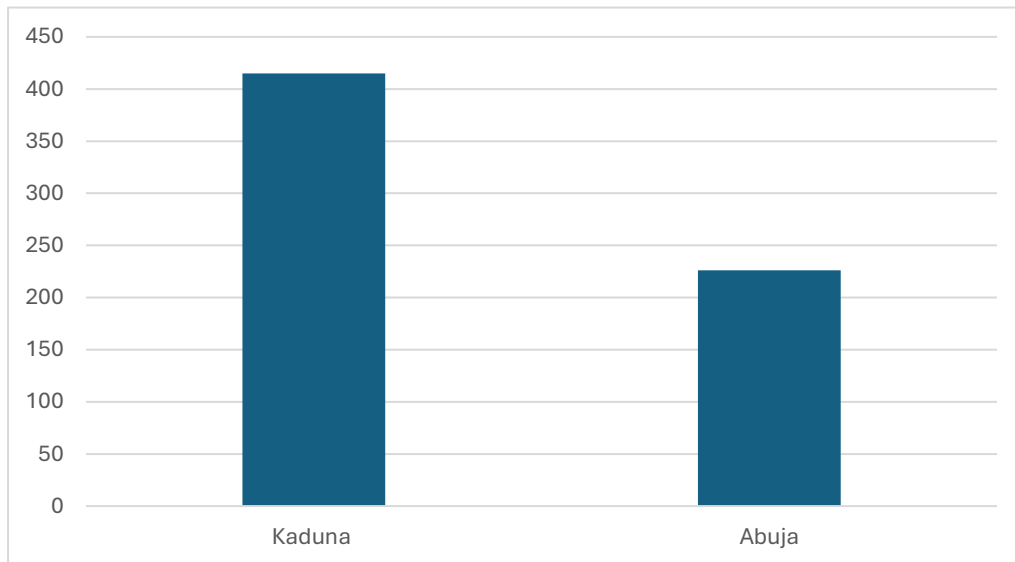

Fig. 1: Bar Chart for State of Deployment

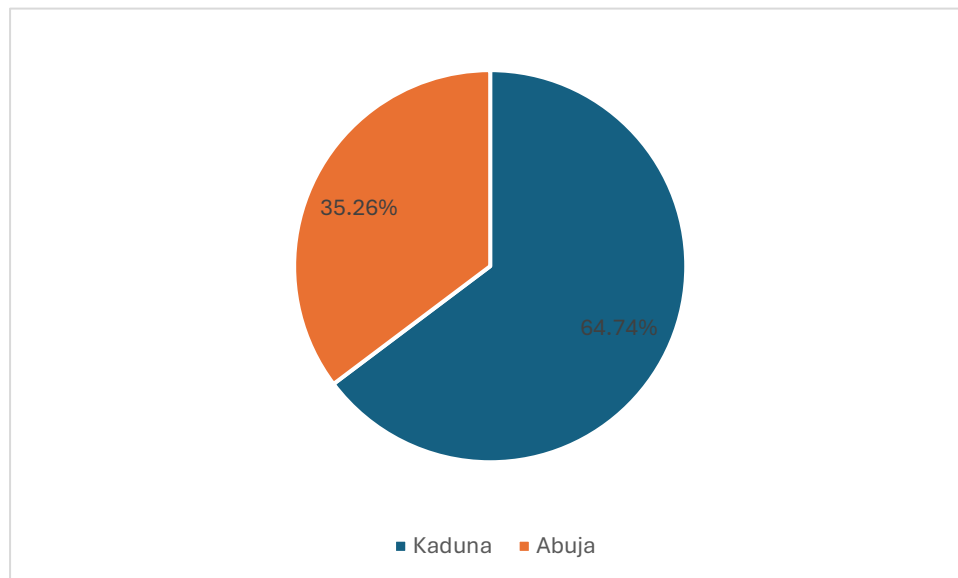

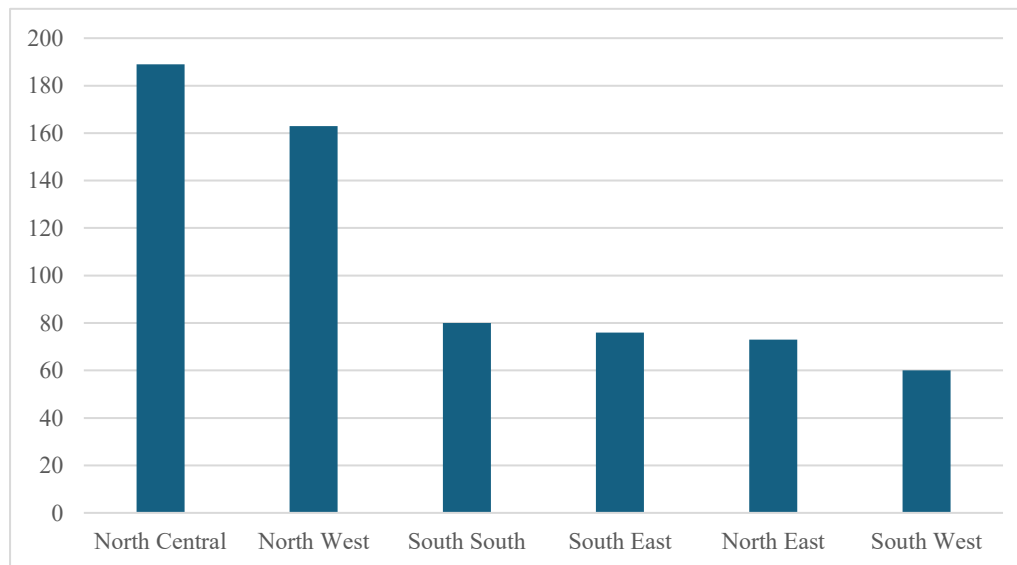

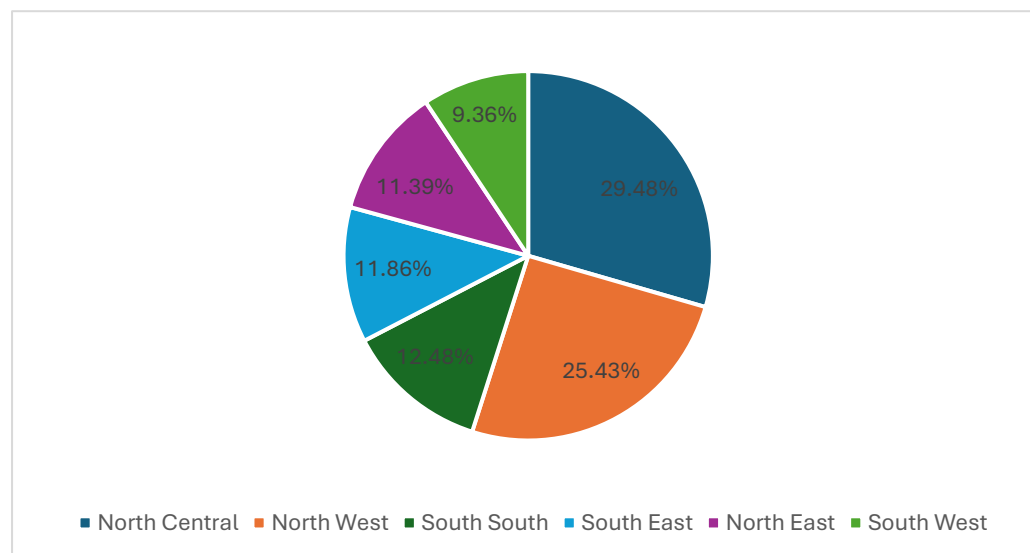

Fig. 2: Pie Chart for State of Deployment

CONCLUSION: The analysis reveals that 64.74% of the corp members are deployed to Kaduna State and 35.26% are from Abuja.

TABLE 2: ANALYSIS ON GEOPOLITICAL ZONE

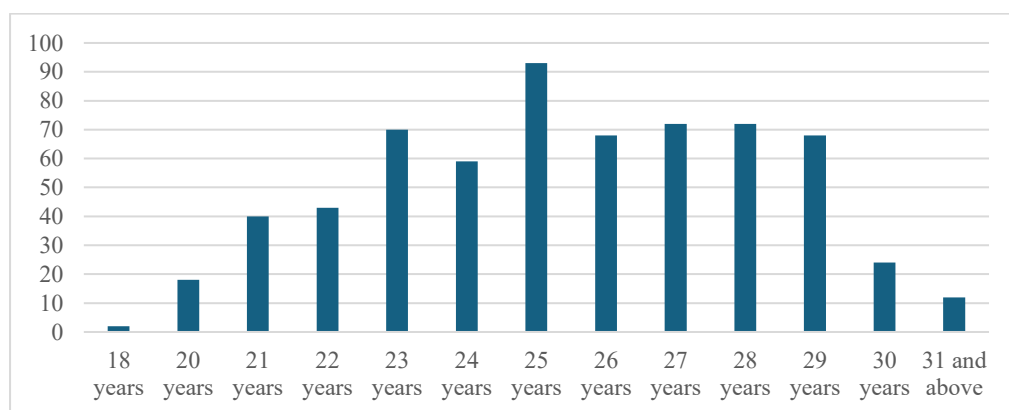

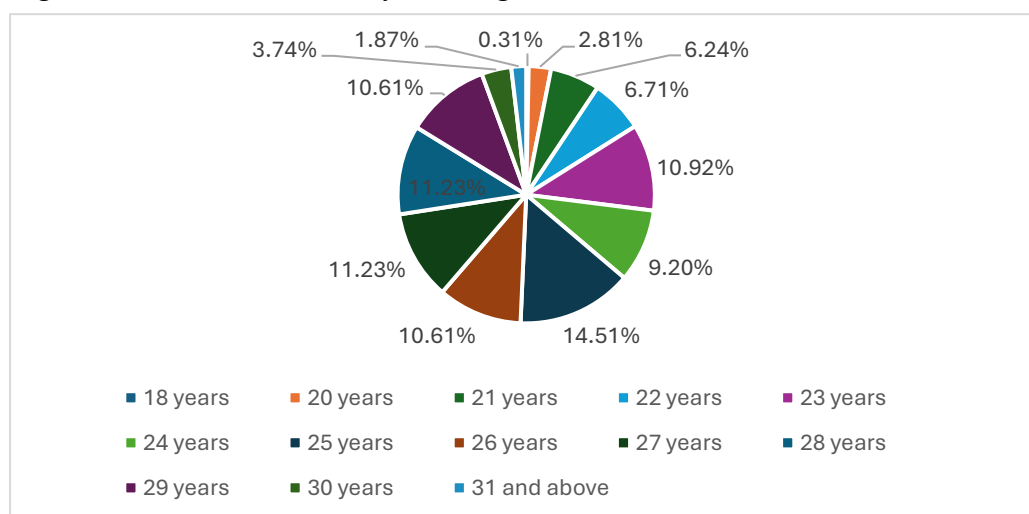

Geopolitical Zone	Frequency	Percentage (%)
North Central	189	29.48%
North West	163	25.43%
South South	80	12.48%
South East	76	11.86%
North East	73	11.39%
South West	60	9.36%
TOTAL	641	100%

**Fig. 3: Bar Chart of the Geopolitical zones of the respondents****Fig. 4: Pie Chart of the Geopolitical zones of the respondents**

CONCLUSION: The analysis reveals that 29.48% of corps members are from the North Central, then 25.43% are from the North West, 12.48% are from the South South, 11.86% are from the South East, 11.39% are from the North East, 9.36% are from the South West, this shows that more respondents are from the North Central region of the country.

TABLE 3: ANALYSIS BASED ON AGE

Age Group	Frequency	Percentage (%)
18 years	2	0.31%
20 years	18	2.81%
21 years	40	6.24%
22 years	43	6.71%
23 years	70	10.92%
24 years	59	9.20%
25 years	93	14.51%
26 years	68	10.61%
27 years	72	11.23%
28 years	72	11.23%
29 years	68	10.61%
30 years	24	3.74%
31 and above	12	1.87%
Total	641	100.00%

**Fig. 5: Bar Chart on the Analysis of Age****Fig. 6: Pie Chart on the Analysis of Age**

CONCLUSION: Based on the Analysis conducted, majority of the respondent's age is 25 with the percentage 14.51% and the minority of the age is 18 with 0.31%.

TABLE 4: ANALYSIS BY RELIGION

Religion	Frequency	Precentage
Islamic	277	43.21%
Christianity	360	56.16%
Traditional	4	0.62%
Total	641	100.00%

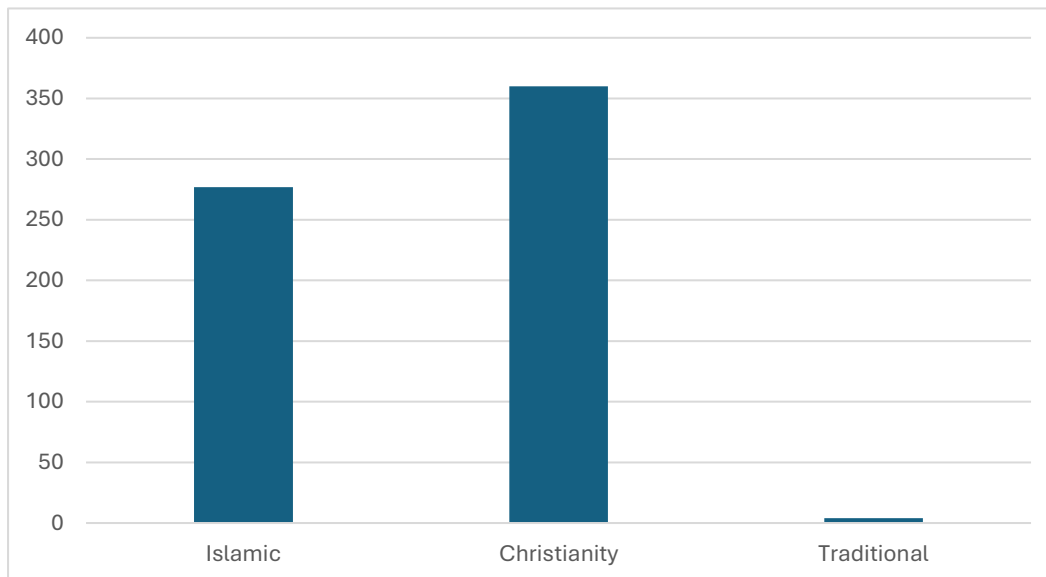

Fig. 7: Bar Chart of the respondent's Religion

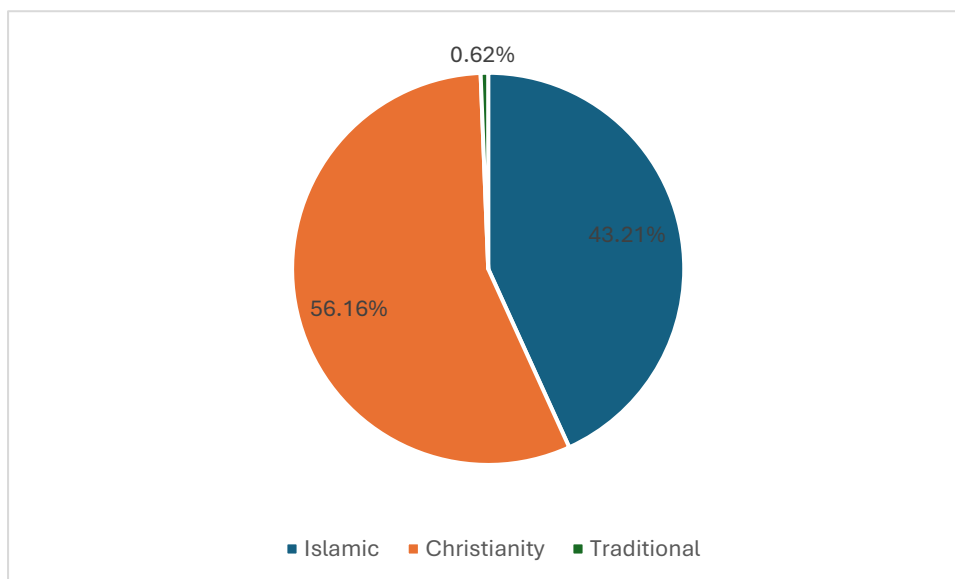

Fig. 8: Pie Chart of the respondent's Religion

CONCLUSION: From the sample size which represents our total population, it can be concluded that the Camp has 56.16% of Christianity, 43.21% of Islam and 0.62% of traditionalist. This implies that there is a significant large number of Christian corps members in the 2026 batch A stream 2 orientation camp.

TABLE 5: ANALYSIS BY GENDER

Gender	Frequency	Percentage
Female	307	47.89%
Male	334	52.11%
Grand Total	641	100.00%

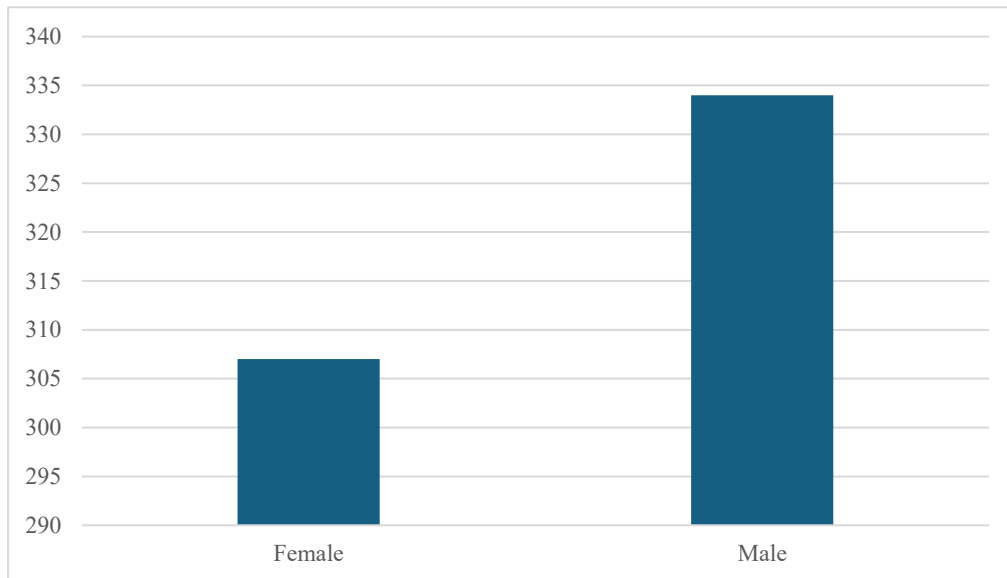

Fig. 9: Bar Chart of respondents' Gender

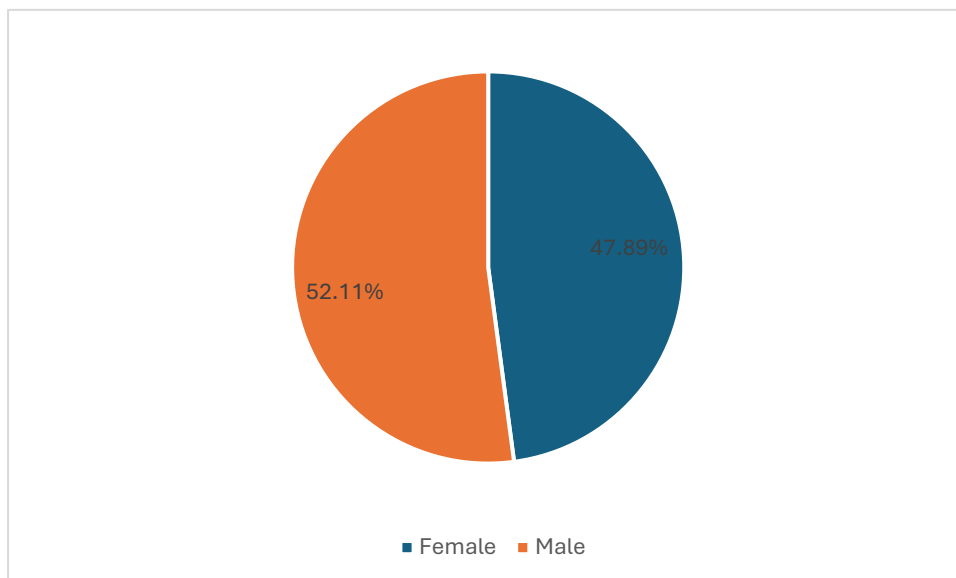

Fig. 10: Pie Chart of respondents' Gender

CONCLUSION: Analysis shows that 52.11% are male, while 47.89% are female respondents of the population size.

TABLE 6: BASED ON MARTIAL STATUS

Marital Status	Frequency	Percentage
Married	67	10.45%
Single	574	89.55%
Grand Total	641	100.00%

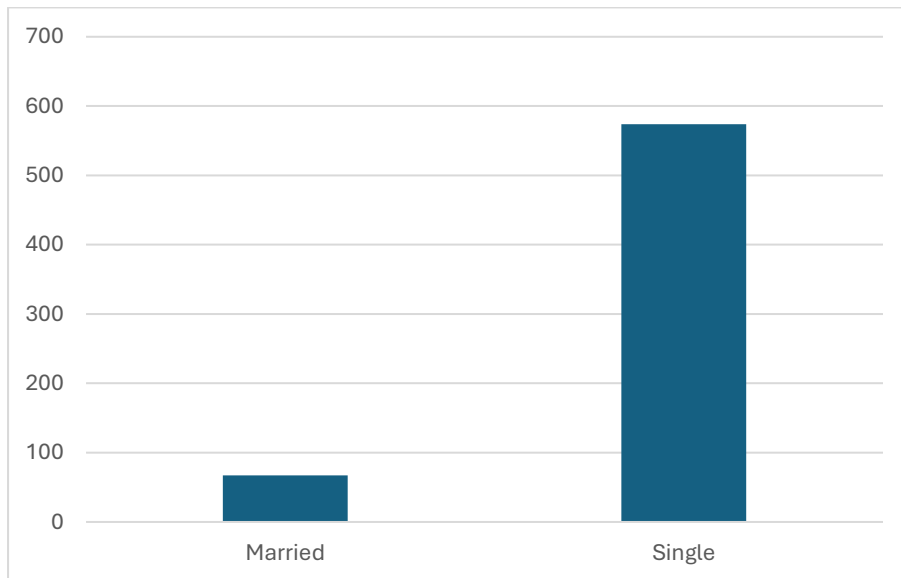

Fig. 11: Bar Chart of respondent's marital status

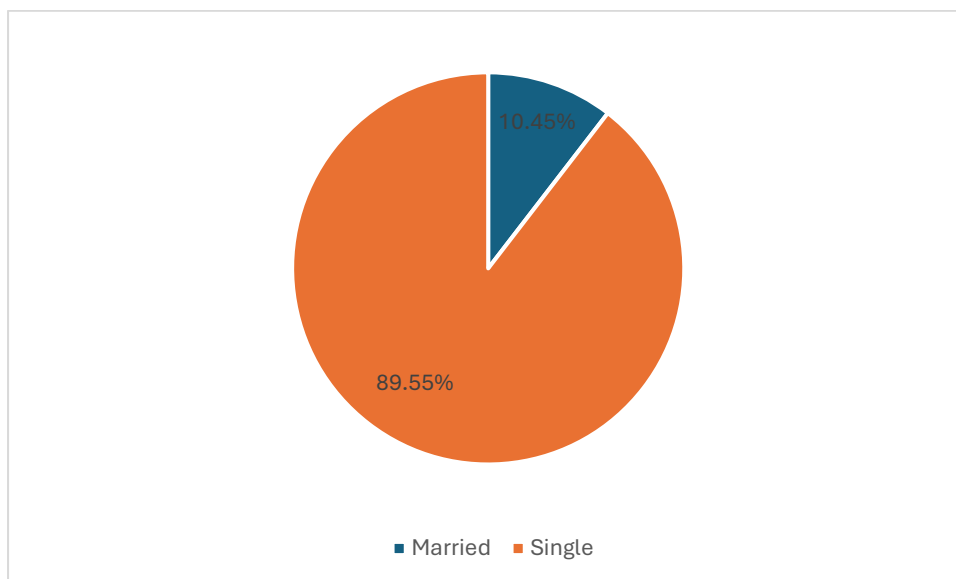

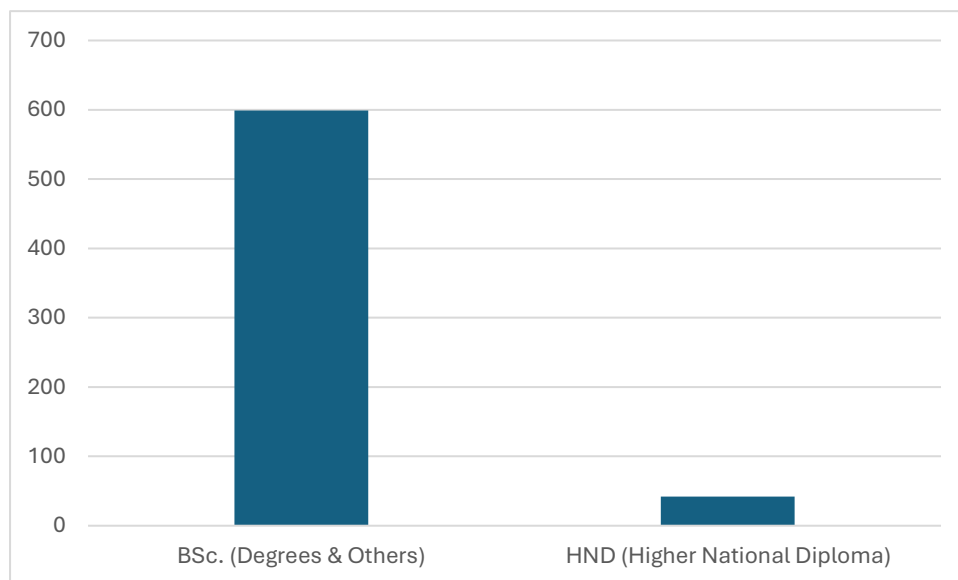

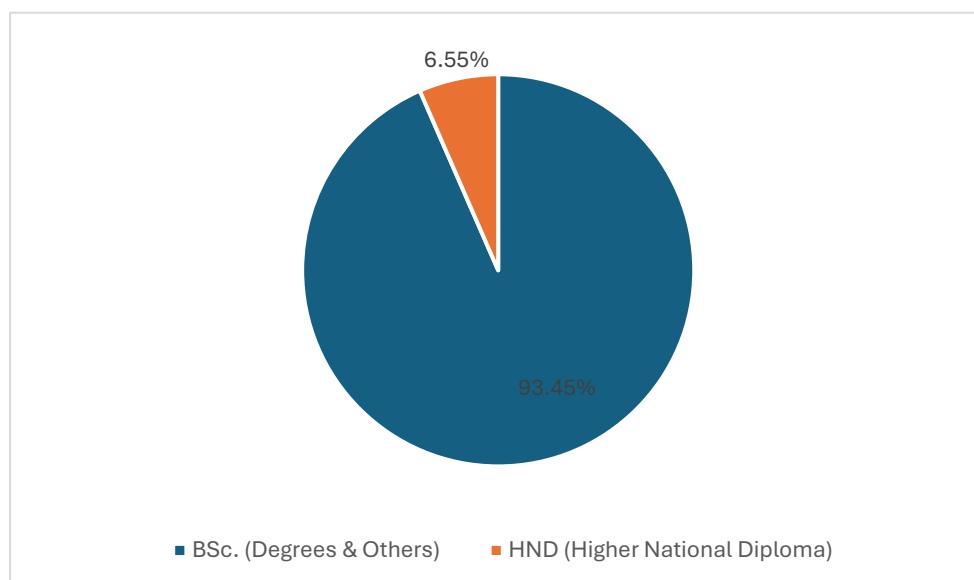

Fig. 12: Pie Chart of respondent's marital status

CONCLUSION: According to the analysis 89.55% are single and 10.45% are married.

TABLE 7: ANALYSIS BASED ON QUALIFICATION

Qualification	Frequency	Percentage (%)
BSc. (Degrees & Others)	599	93.45%
HND (Higher National Diploma)	42	6.55%
Grand Total	641	100.00%

**Fig. 13: Bar Chart of the respondent's qualification****Fig. 14: Pie Chart of the respondent's qualification**

CONCLUSION: According to the analysis 93.45% of the corps members are graduates from Universities while 6.55% are graduates from the Polytechnics. This shows the majority of the respondents are degree holders.

TABLE 8: HAVE YOU EVER VISITED YOUR STATE OF DEPLOYMENT?

VISIT TO STATE OF DEPLOYMENT	FREQUENCY	PERCENTAGE
No	223	34.79%
Yes	418	65.21%
Grand Total	641	100%

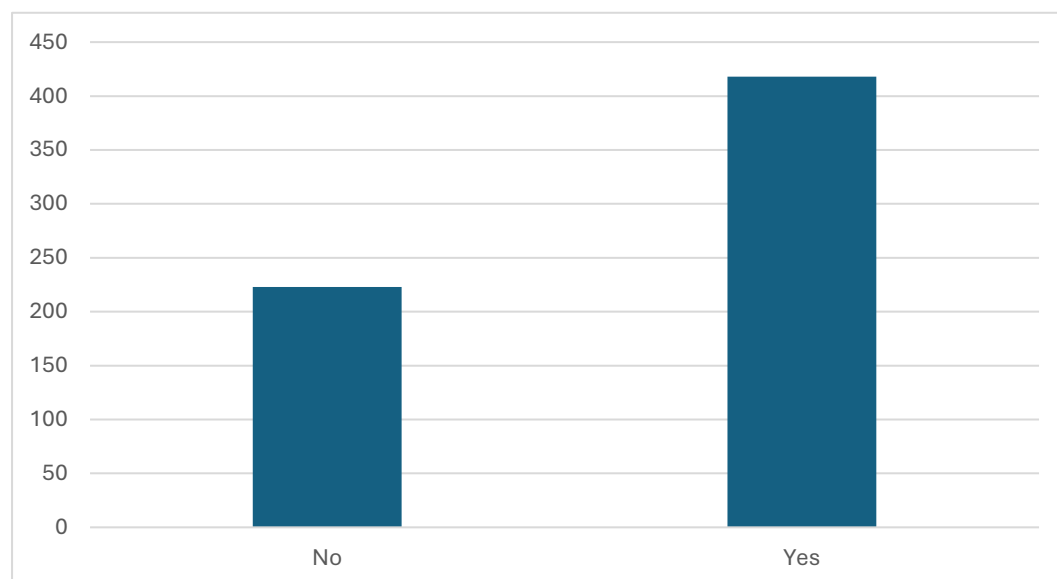

Fig. 15: Bar Chart of the respondent's visit to the state of deployment.

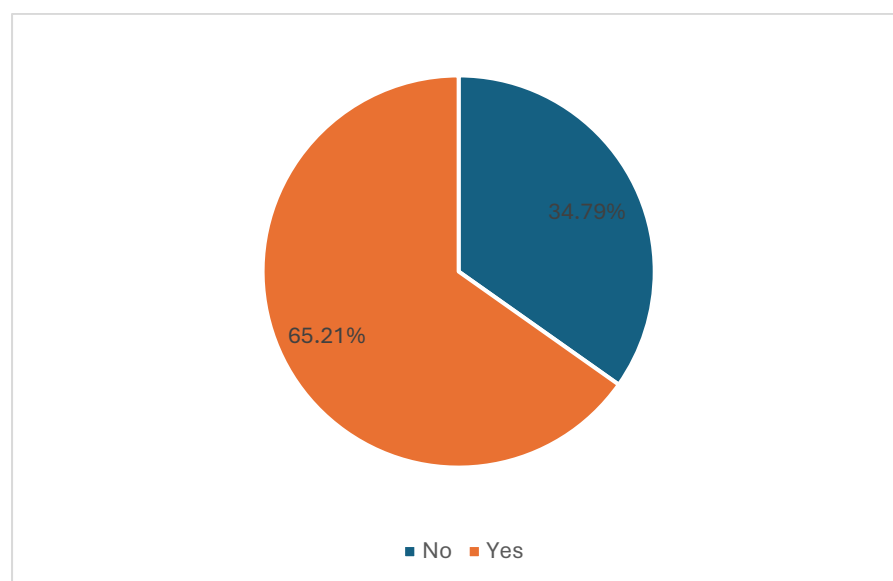

Fig. 16: Pie Chart of the respondent's visit to the state of deployment.

CONCLUSION: The report shows that only 65.21% have visited the state of deployment before mobilization, while 34.79% have not. This shows that the majority have visited the state of deployment.

TABLE 9: ANALYSIS BY CONCESSIONAL DEPLOYMENT

CONCESSIONAL DEPLOYMENT	FREQUENCY	PERCENTAGE
No	510	79.56%
Yes	131	20.44%
Grand Total	641	100%

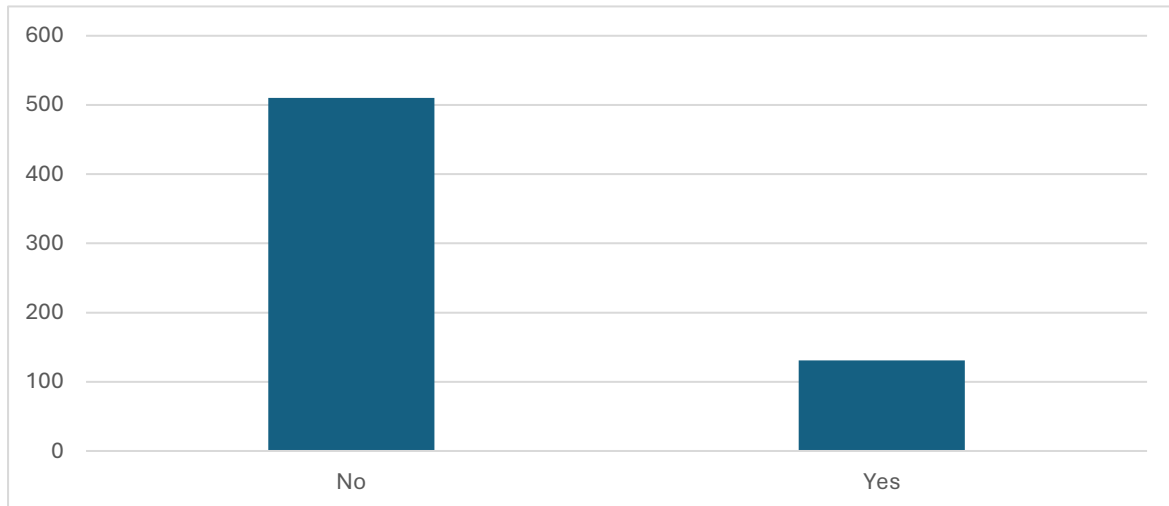

Fig. 17: Bar Chart of the Concessional Deployment.

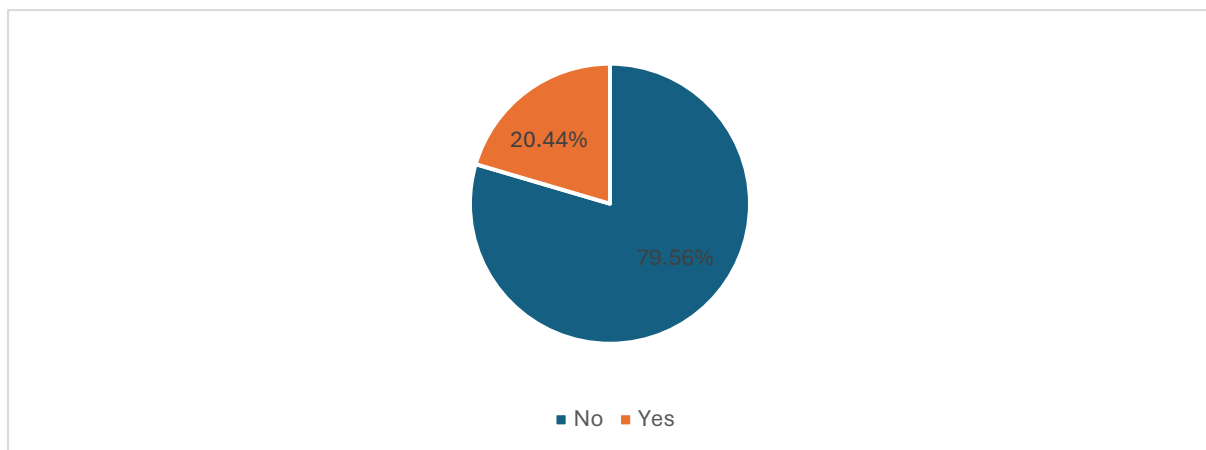

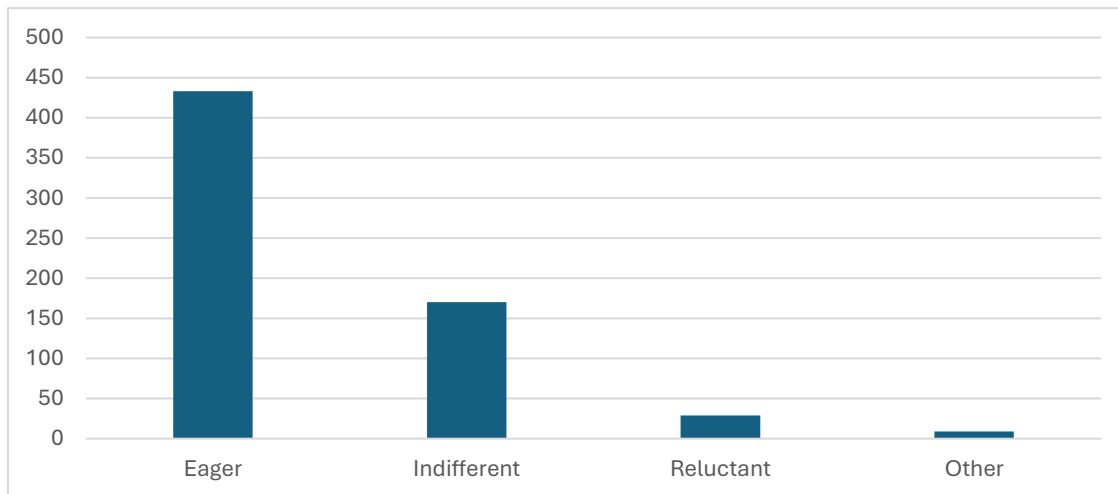

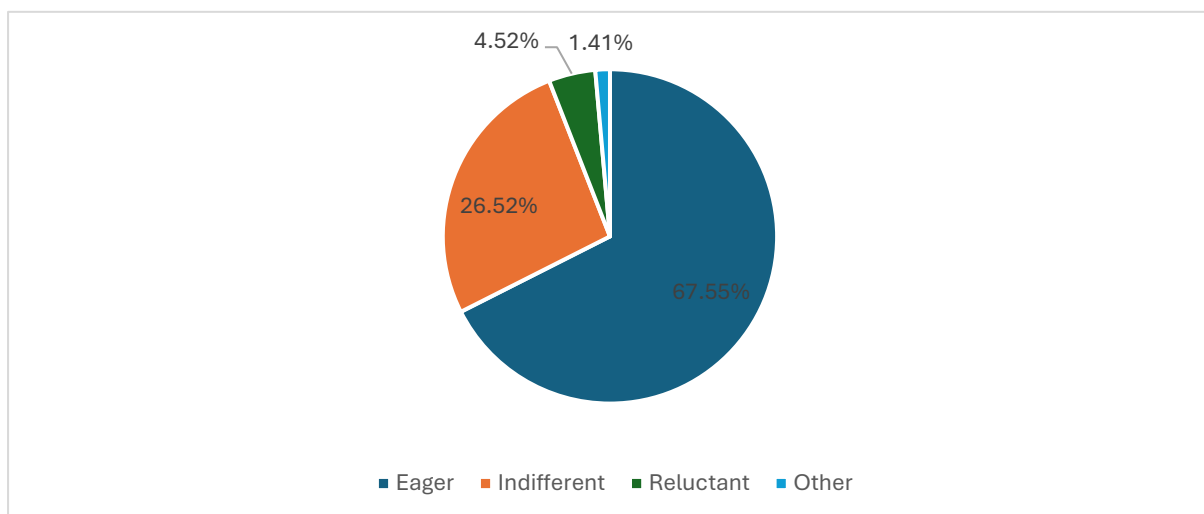

Fig. 18: Pie Chart of the Concessional Deployment.

CONCLUSION: Based on the result 79.56% are not on concessional deployment basis, while 20.44% are on.

TABLE 10: FEELINGS ABOUT MOBILIZATION

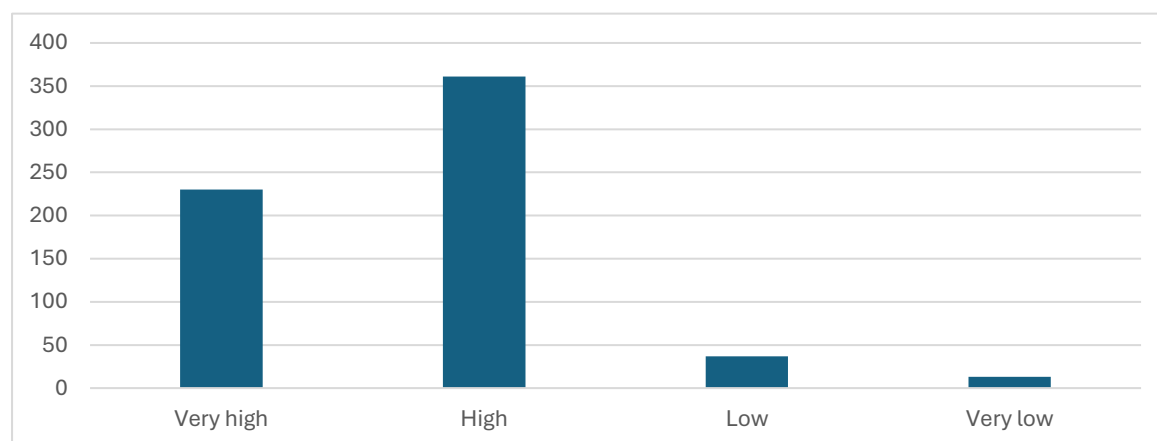

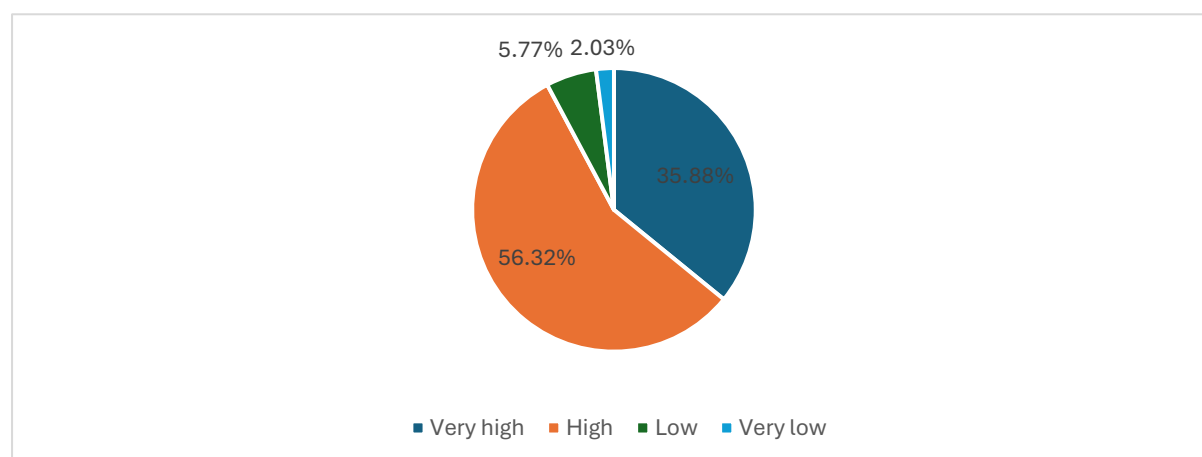

FEELINGS ABOUT MOBILIZATION	FREQUENCY	PERCENTAGE
Eager	433	67.55%
Indifferent	170	26.52%
Reluctant	29	4.52%
Other	9	1.41%
Grand Total	641	100%

**Fig. 19: Bar Chart of the Respondents' feelings about mobilization.****Fig. 20: Pie Chart of the Respondents' feelings about mobilization.**

CONCLUSION: Based on the analysis 67.55% of the respondents felt eager about the mobilization, while 26.52% felt indifferent, 4.52% were reluctant, and 1.41% were felt otherwise. This shows that the majority of the respondent felt eager to get mobilized.

TABLE 11: RATING THE PURPOSE OF ESTABLISHING NYSC

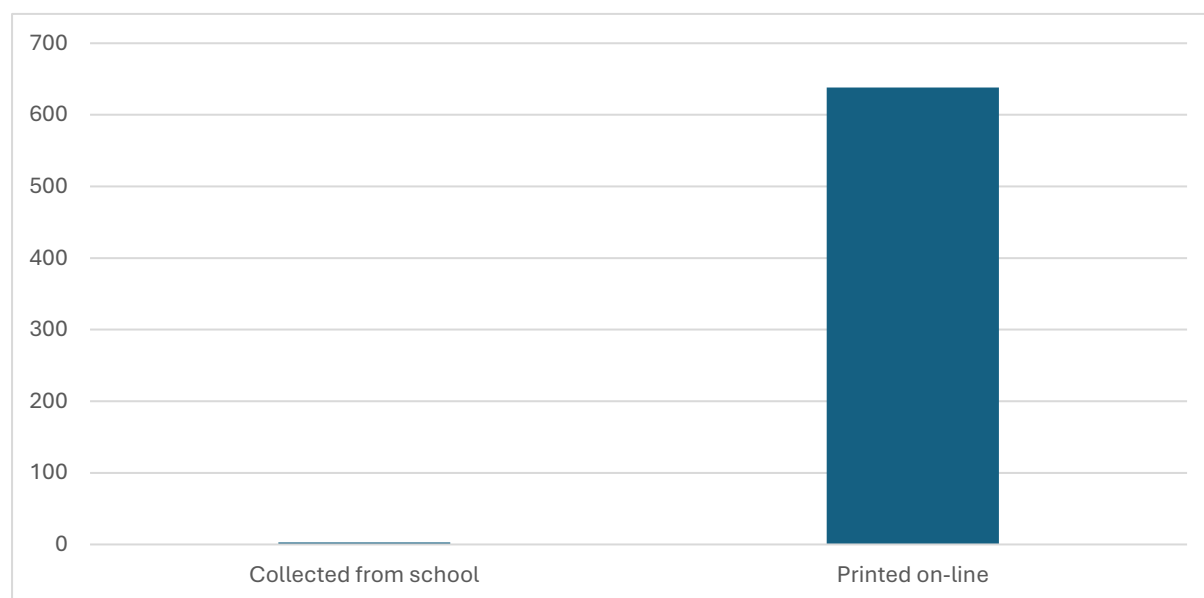

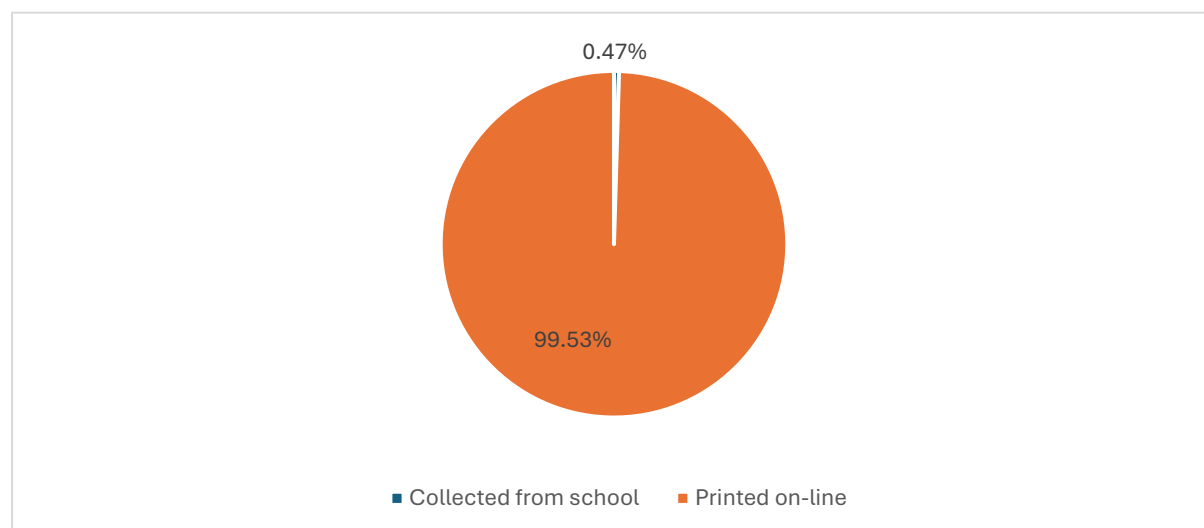

RATING THE PURPOSE OF ESTABLISHING NYSC	FREQUENCY	PERCENTAGE
Very high	230	35.88%
High	361	56.32%
Low	37	5.77%
Very low	13	2.03%
Grand Total	641	100%

**Fig 21: Bar Chart of the respondents rating the purpose of NYSC.****Fig 22: Pie Chart of the respondents rating the purpose of NYSC.**

CONCLUSION: The basic purpose of establishing was rated very high by 56.32% of the respondents, rated high by 35.88%, rated low 5.77%, and 2.03% rated it very low.

TABLE 12: PREFERRED MODE OF CALL-UP LETTER COLLECTION

PREFERRED MODE OF CALL-UP LETTER COLLECTION	FREQUENCY	PERCENTAGE
Collected from school	3	0.47%
Printed on-line	638	99.53%
Grand Total	641	100%

**Fig 23: Bar Chart on the preferred mode of call-up letter collection.****Fig 24: Pie Chart on the preferred mode of call-up letter collection.**

CONCLUSION: The analysis reveals that 99.53% of the respondents preferred the online mode of call-up letter collection, while 0.47% preferred to collect theirs from school.

TABLE 13: HOW WAS THE REGISTRATION ON CAMP

HOW WAS THE REGISTRATION ON CAMP	FREQUENCY	PERCENTAGE
Not Stressful	89	13.88%
Stressful	552	86.92%
Grand Total	641	100%

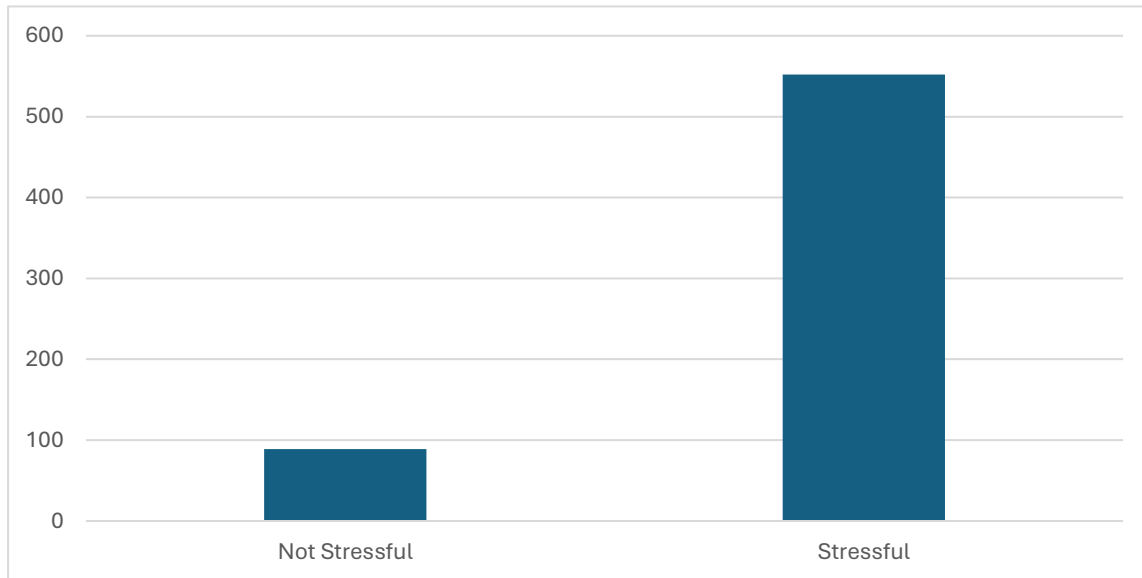

Fig 25: Bar Chart on how the Registration was at Camp.

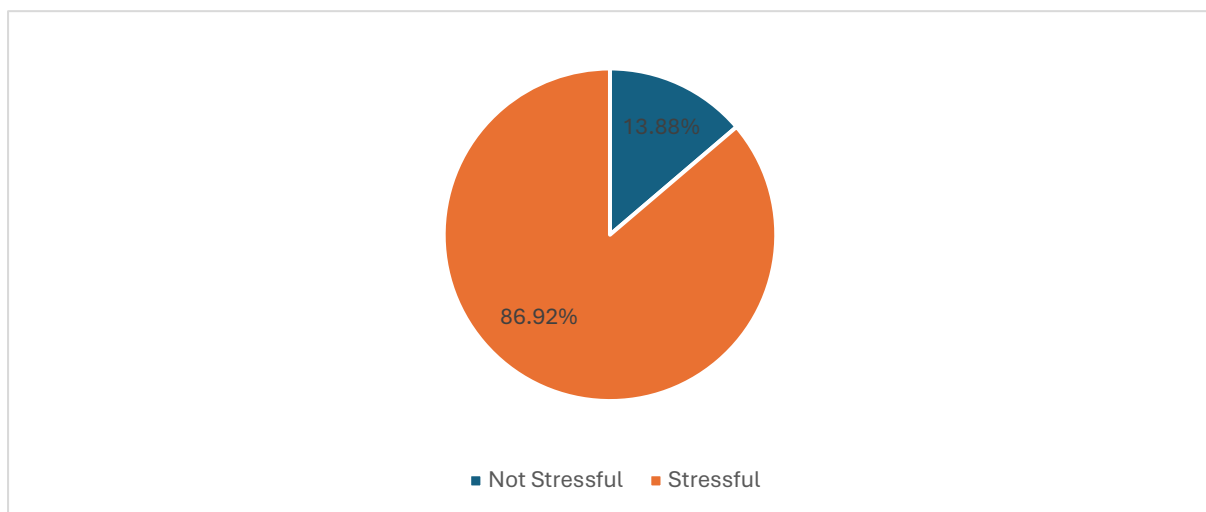

Fig 26: Pie Chart on how the Registration was at Camp.

CONCLUSION: The data shows that 86.92% of the respondents found the registration on camp stressful, while 13.88% found the process not stressful.

TABLE 14: TIME OF DURATION FOR COLLECTING KITS.

TIME OF DURATION FOR COLLECTION OF KITS	FREQUENCY	PERCENTAGE
30 minutes	55	8.58%
1 hour	448	69.89%
More than 30 minutes but not up to 1 hour	138	21.53%
Grand Total	641	100%

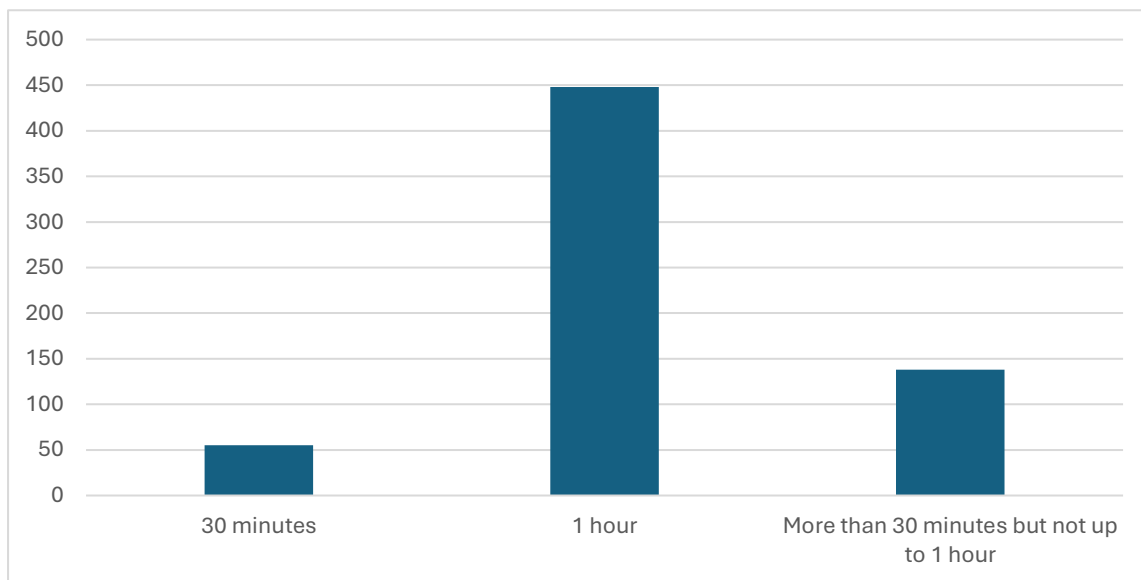

Fig 27: Bar Chart of duration for collection of kits.

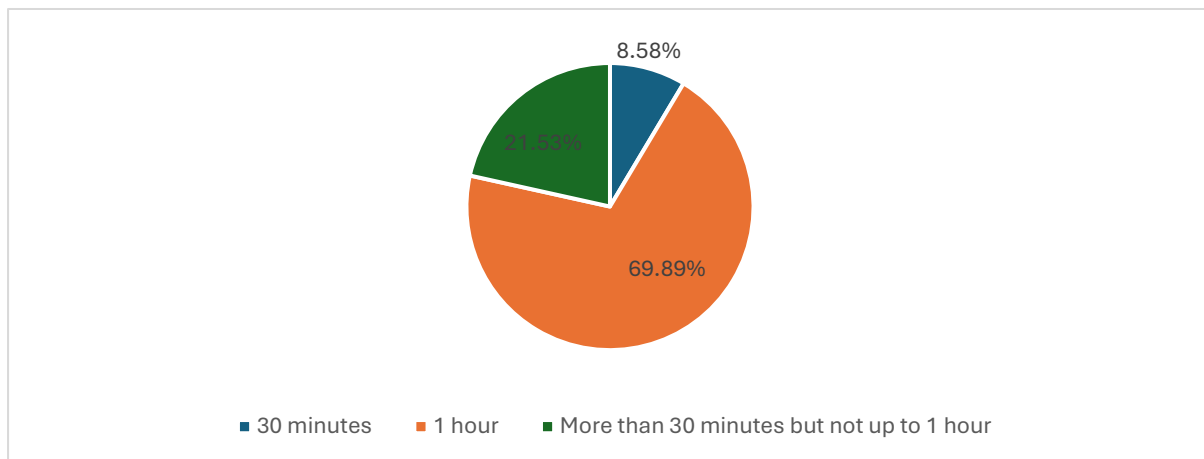

Fig 28: Pie Chart of duration for collection of kits.

CONCLUSION: From analysis conducted, 8.58% of the respondents admitted to collecting kits in 30 minutes, 69.89% admitted to spending 1 hour collecting their kits, while 21.53% of the respondents admitted to collecting their kits in more than 30 minutes but up to 1 hour.

TABLE 15: RECEPTION ON ARRIVAL

RECEPTION ON ARRIVAL	FREQUENCY	PERCENTAGE
Friendly	565	88.14%
Not Friendly	76	11.86%
Grand Total	641	100%

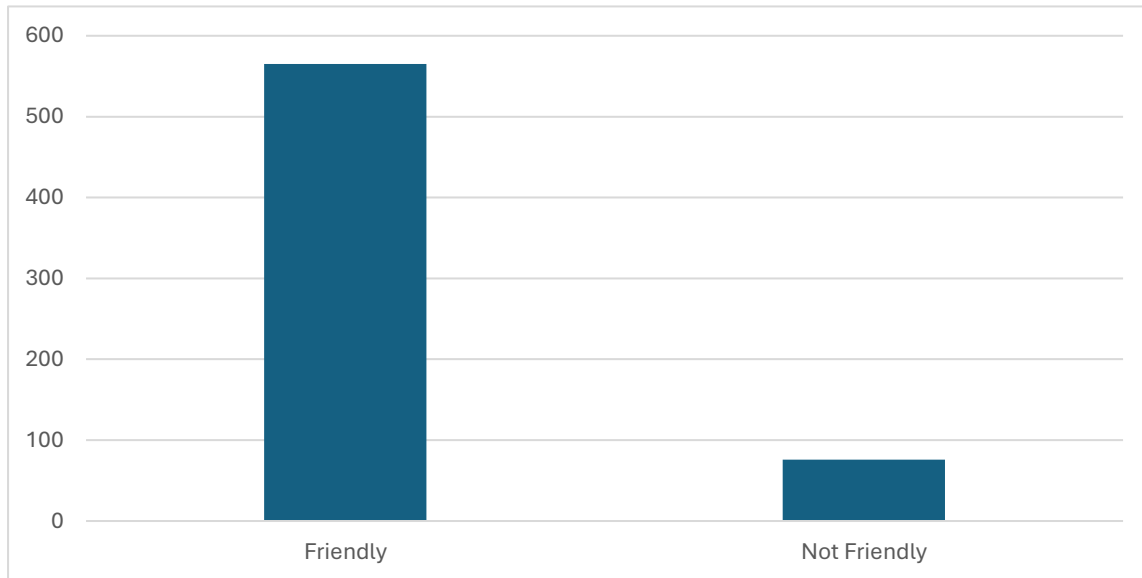

Fig 29: Bar Chart of Reception on Arrival

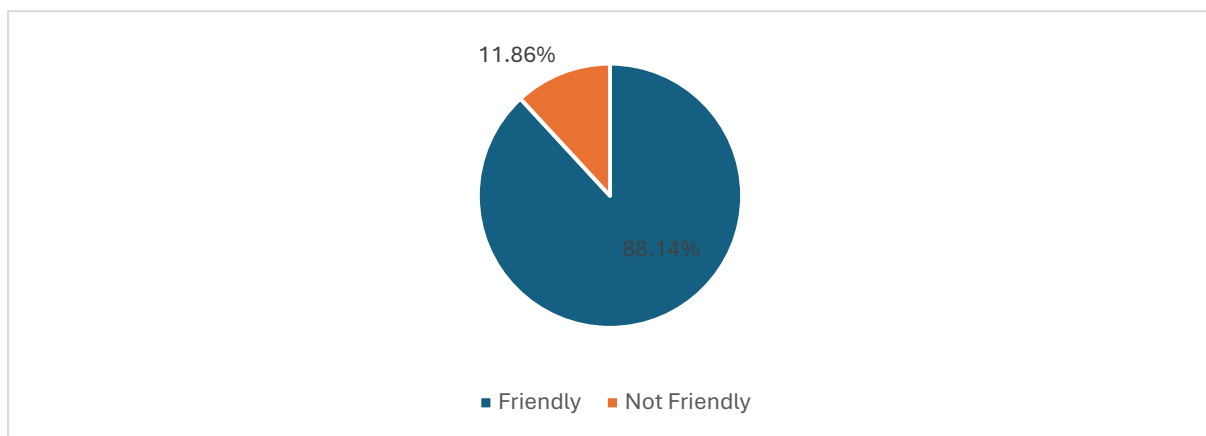

Fig 30: Pie Chart of Reception on Arrival

CONCLUSION: Based on analysis of the dataset, 88.14% of the respondents viewed the reception as friendly, while 11.86% were displeased by the reception received upon arrival.

TABLE 16: SATISFATION WITH KITS ISSUED TO CORP MEMBERS

WERE YOU SATISFIED WITH THE KIT ITEMS GIVEN TO YOU?	FREQUENCY	PERCENTAGE
No	323	50.39%
Yes	318	49.61%
Grand Total	641	100%

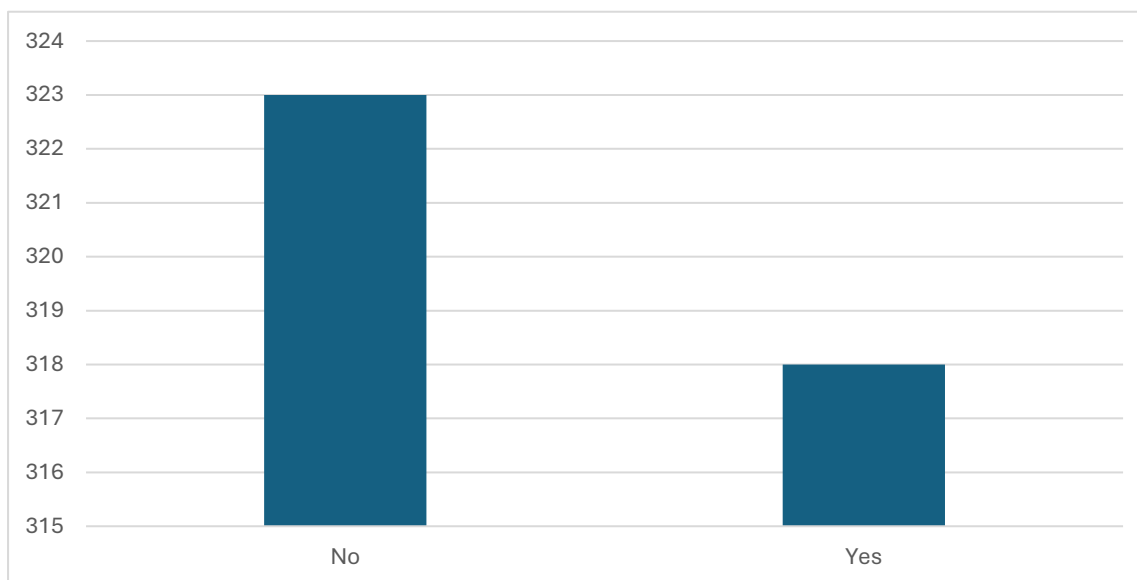

Fig 31: Bar Chart on Kit Satisfaction

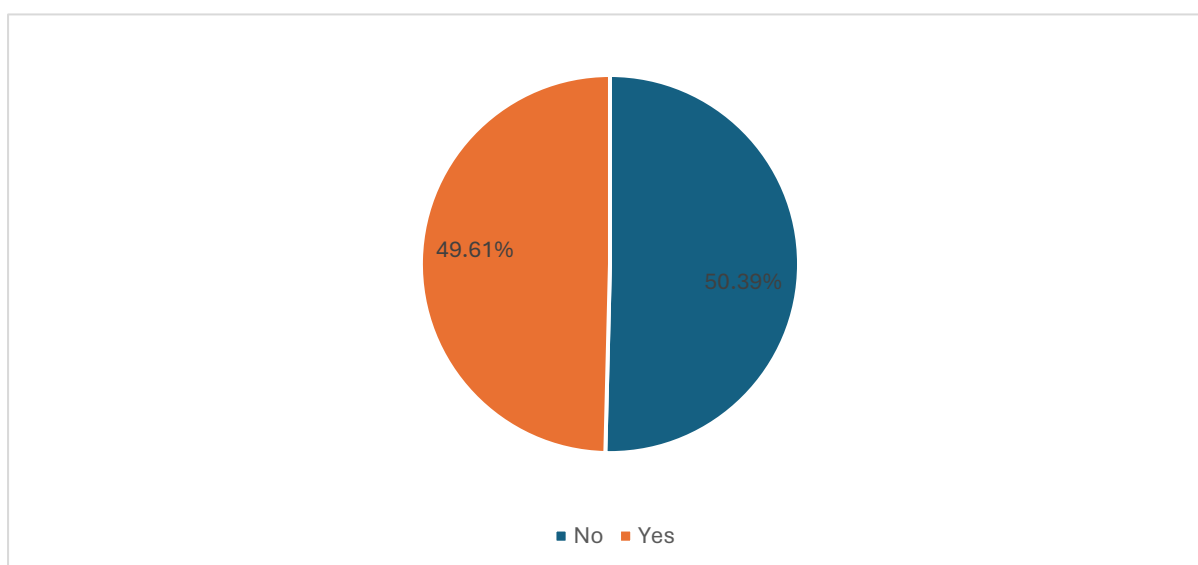

Fig 32: Pie Chart on Kit Satisfaction

CONCLUSION: Based on analysis 49.61% of the respondents were satisfied with the kits issued to them, while 50.39% were dissatisfied with the kits issued to them.

TABLE 17: WERE YOU GIVEN THE RIGHT SHOE SIZE?

WERE YOU GIVEN THE RIGHT SHOE SIZE?	FREQUENCY	PERCENTAGE
No	465	72.54%
Yes	176	27.46%
Grand Total	641	100%

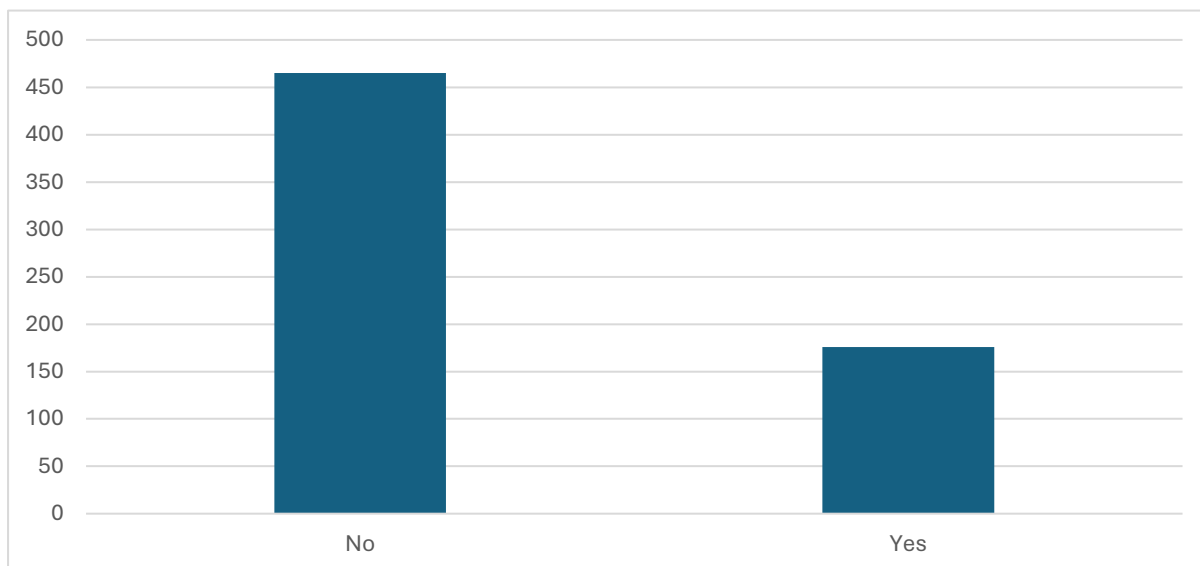

Fig 33: Bar Chart on Shoe size.

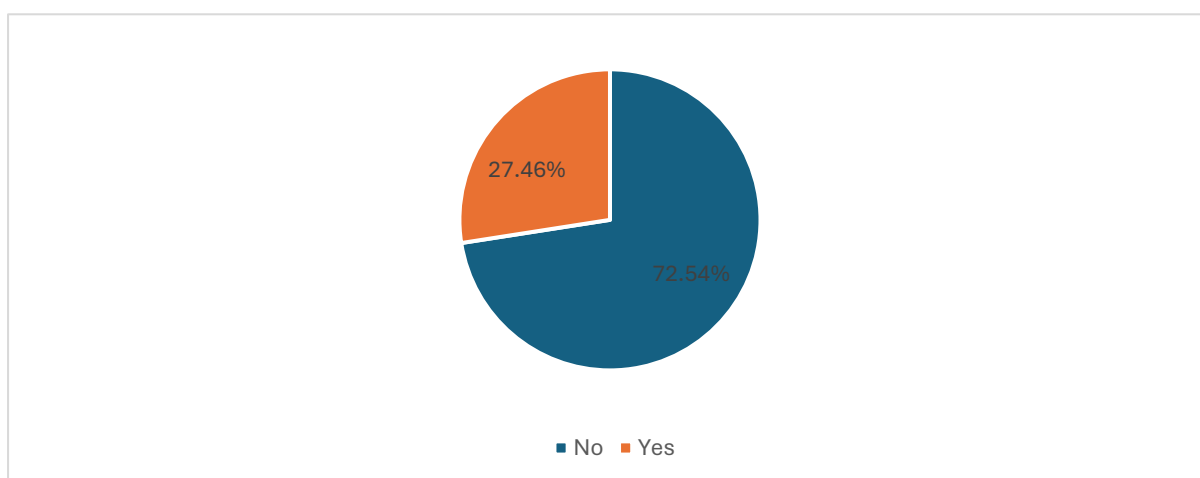

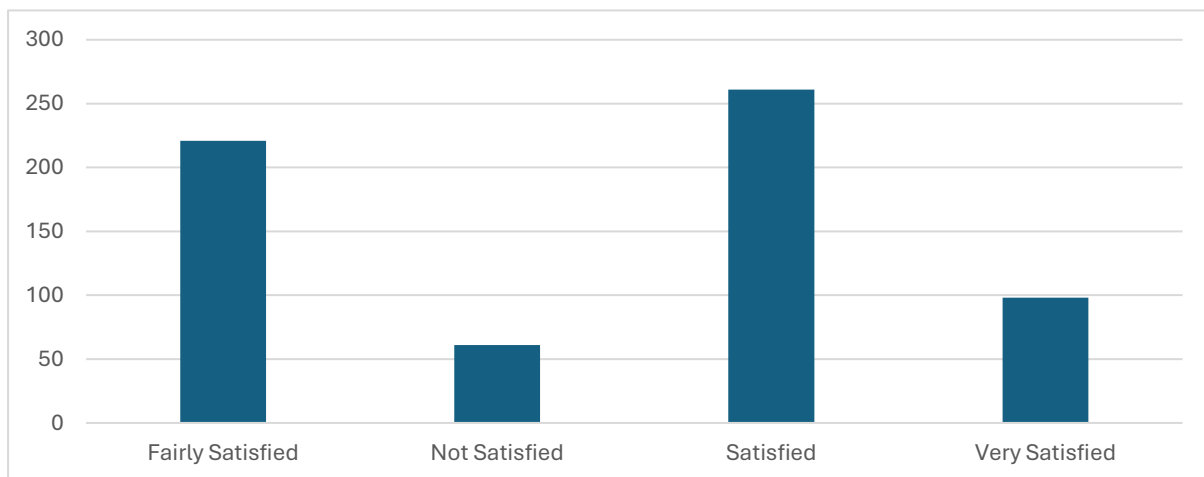

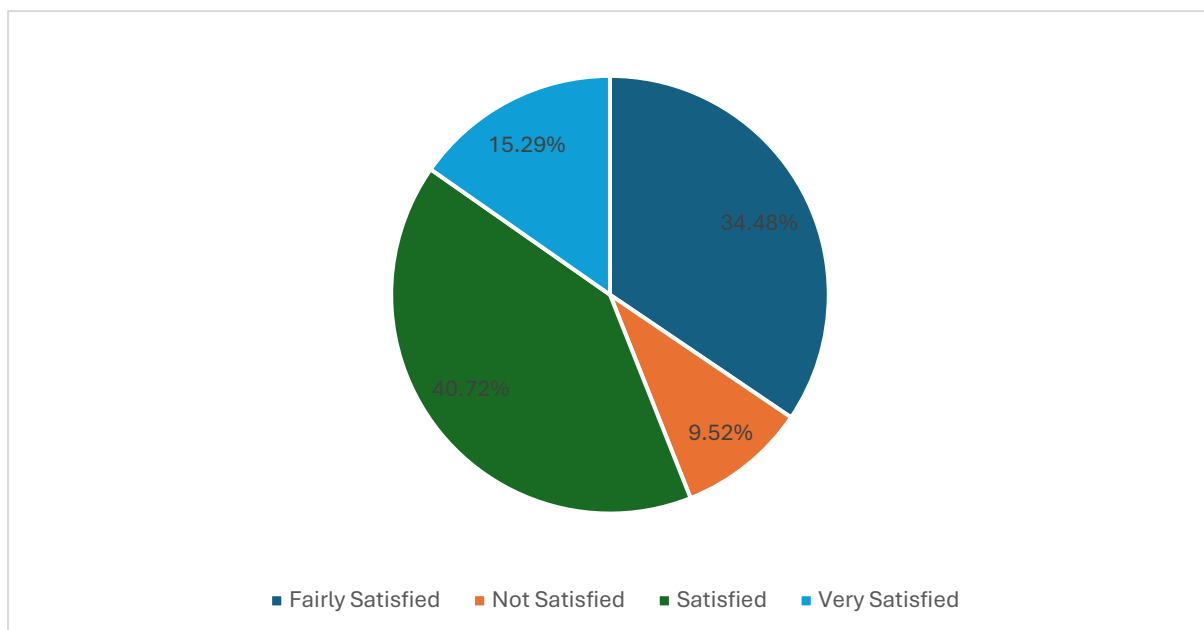

Fig 34: Pie Chart on Shoe size.

CONCLUSION: Based on the data 27.46% of the respondents were issued the right size of their kits, while 76.54% of them were not.

TABLE 18: ANALYSIS ON FEEDING

SATESFACTION WITH FEEDING ARRANGEMENTS	FREQUENCY	PERCENTAGE
Fairly Satisfied	221	34.48%
Not Satisfied	61	9.52%
Satisfied	261	40.72%
Very Satisfied	98	15.29%
Grand Total	641	100%

**Fig. 35: Bar Chart of feeding arrangements.****Fig. 36: Pie Chart of feeding arrangements.**

CONCLUSION: From the analysis depicted, 15.29% were very satisfied with the feeding arrangements, 40.72% of the respondents were satisfied with the feeding arrangements, 34.48% were fairly satisfied, and 9.52% of the respondents were not satisfied.

TABLE 19: WAS THERE ANY FUNCTIONAL CLINIC

WAS THERE ANY FUNCTIONAL CLINIC?	FREQUENCY	PERCENTAGE
No	20	3.12%
Yes	621	96.88%
Grand Total	641	100%

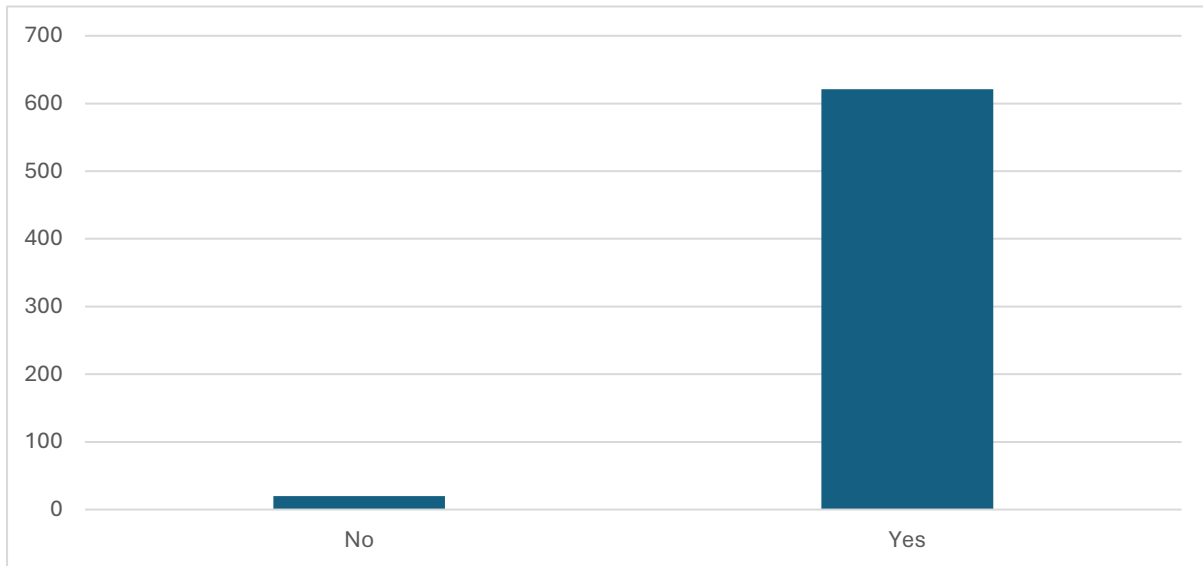

Fig 37: Bar Chart on existence of functional clinic

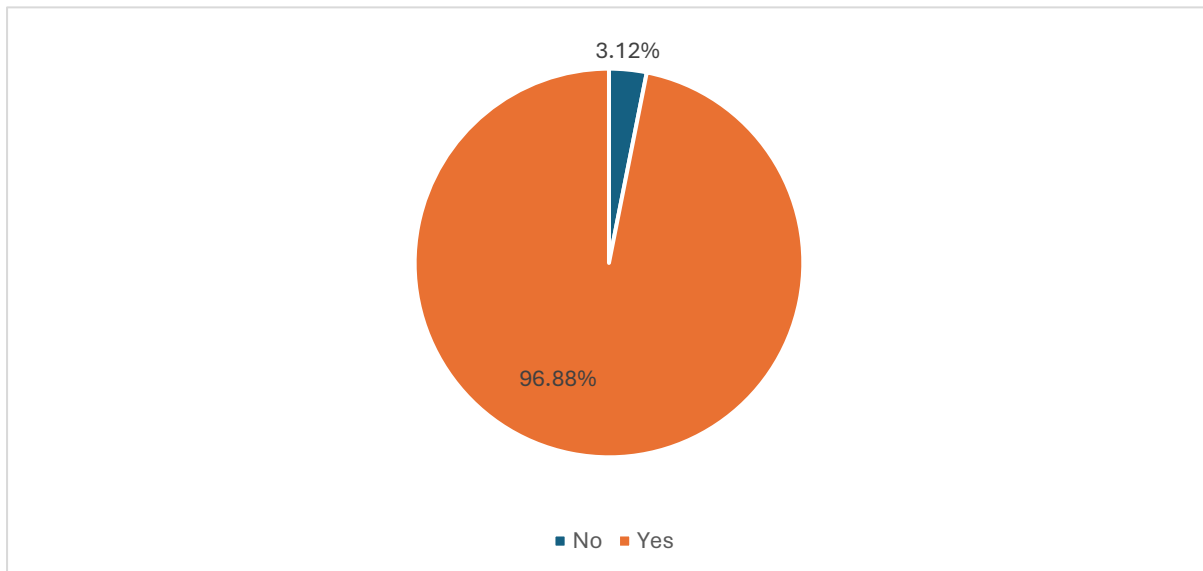

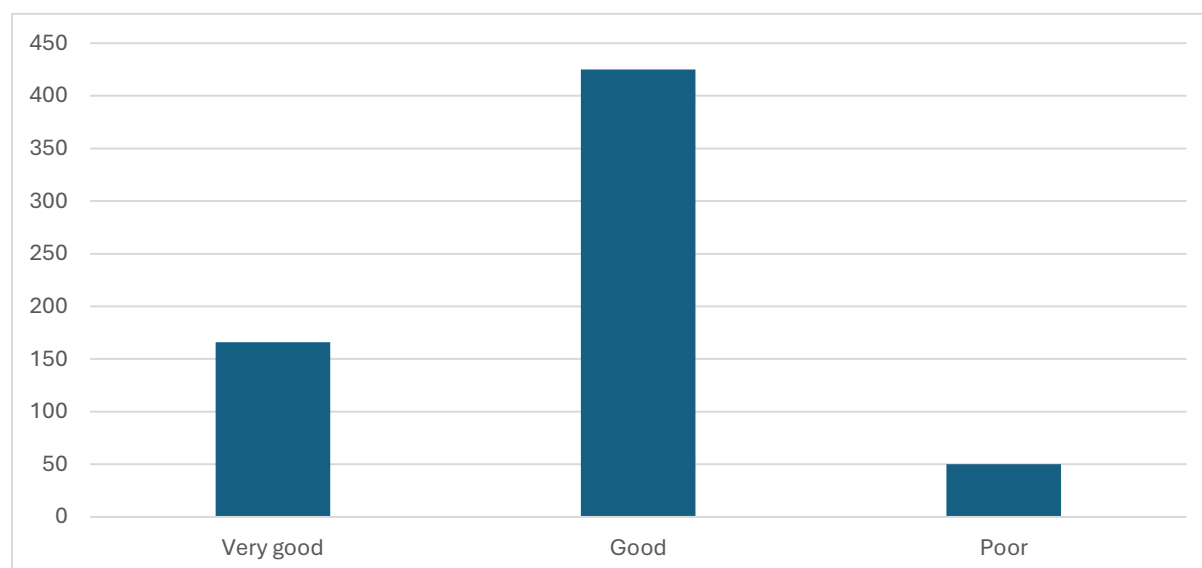

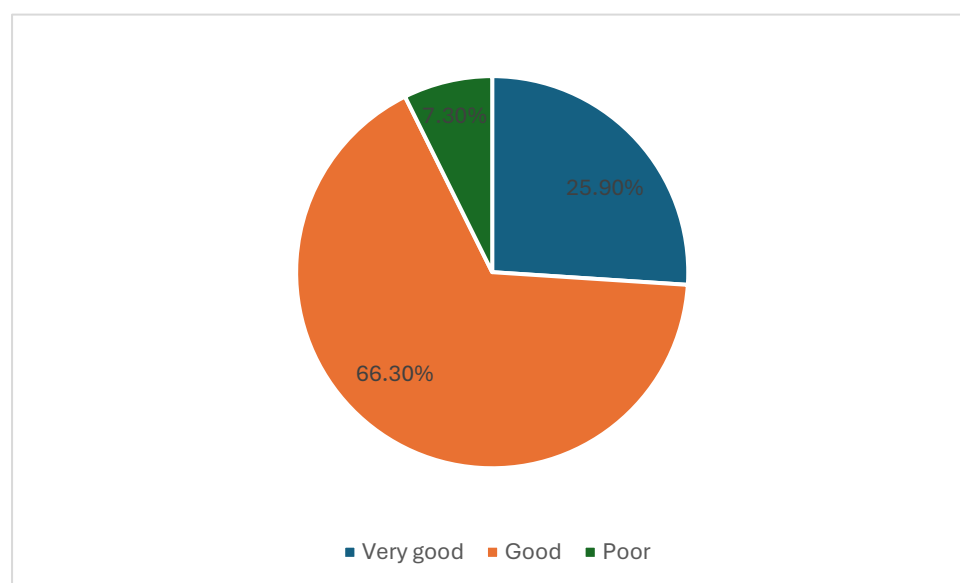

Fig 38: Pie Chart on existence of functional clinic.

CONCLUSION: In conclusion, 96.88% of the respondents submitted that there was a functional clinic is in the 2026 Batch A Stream II orientation camp, while 3.12% indicated that there was not.

TABLE 20: PERFORMANCE RATING OF CAMP CLINIC

PERFORMANCE RATING OF THE CAMP CLINIC	FREQUENCY	PERCENTAGE
Very good	166	25.90%
Good	425	66.3
Poor	50	7.30%
Grand Total	641	100%

**Fig 39: Bar Chart of Clinic performance****Fig 40: Pie Chart of Clinic performance**

CONCLUSION: The analysis showed that 25.90% rated the camp's clinic performance as very good, 66.3% rated the performance as good, and 7.30% rated the performance as poor.

TABLE 21: HOW DO YOU RATE THE NYSC SAFETY ON COVID-19 IN THE CAMP

HOW DO YOU RATE THE NYSC SAFETY ON COVID-19 IN THE CAMP?	FREQUENCY	PERCENTAGE
Very Good	123	19.19%
Good	388	60.53%
Poor	130	20.28%
Grand Total	641	100%

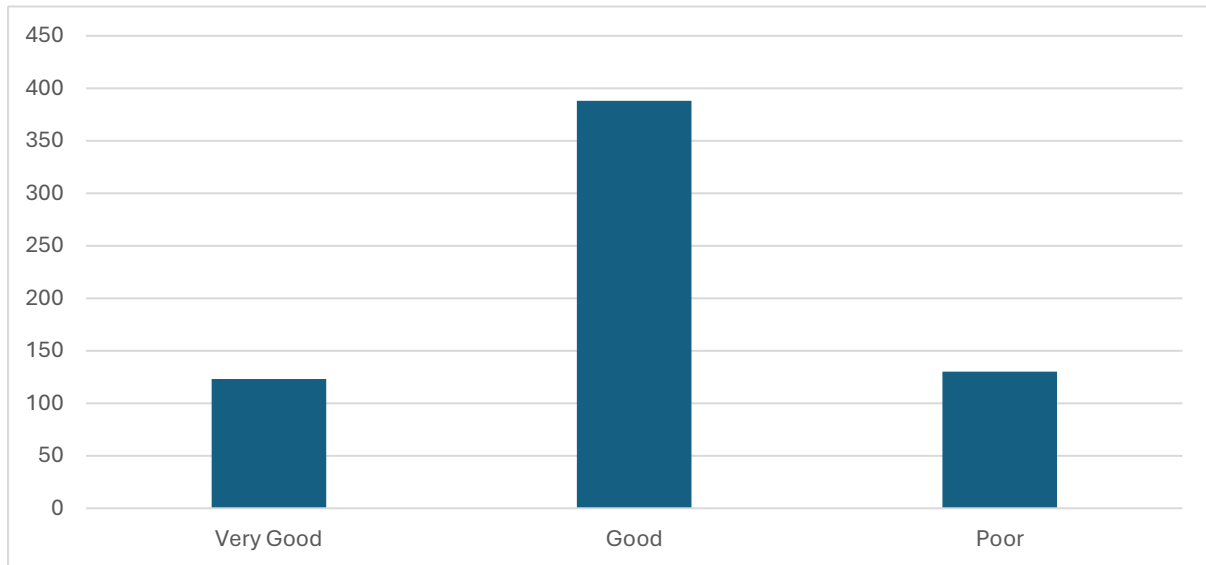

Fig 41: Bar chart on safety protocols on COVID-19 in camp.

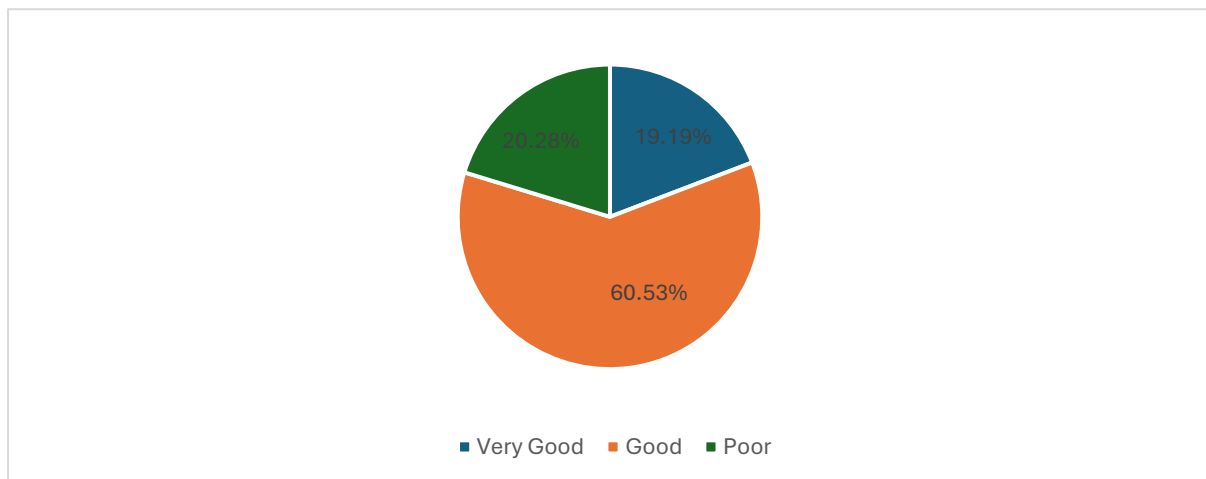

Fig 42: Pie chart on safety protocols on COVID-19 in camp.

CONCLUSION: From the analysis conducted, 19.19% rated the safety protocols very good, 60.53% rated it good and the last percent rated it poor.

TABLE 22: WAS THERE ENOUGH HAND SANITIZING BAY IN CAMP?

WAS THERE ENOUGH HAND SANITIZING BAY IN CAMP?	FREQUENCY	PERCENTAGE
No	252	39.31%
Yes	389	60.69%
Grand Total	641	100%

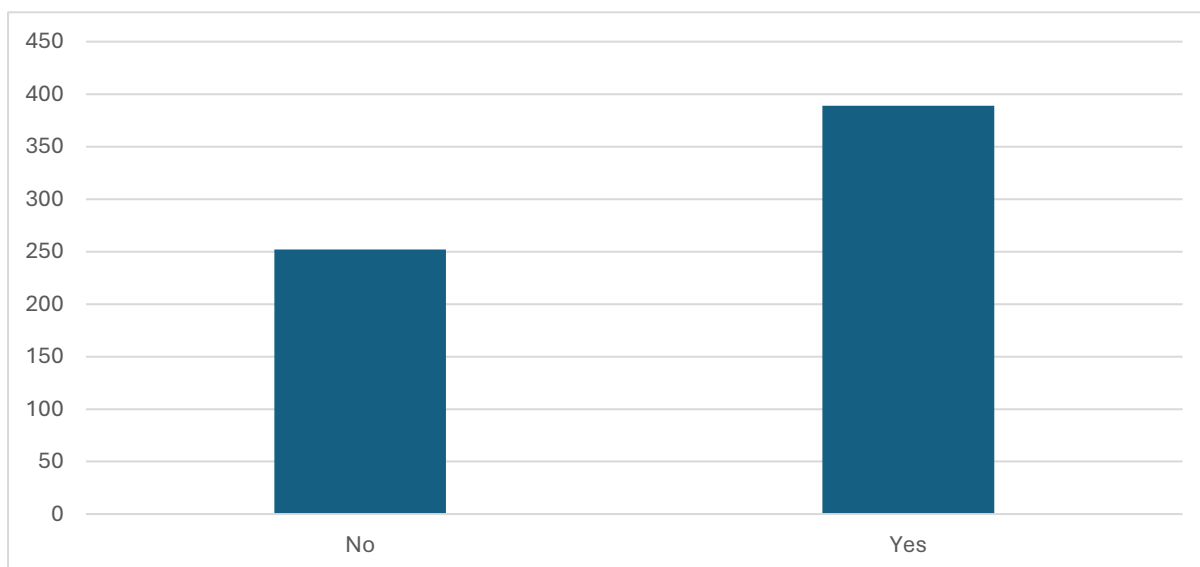

Fig 43: Bar chart on availability of hand sanitizing bay in camp

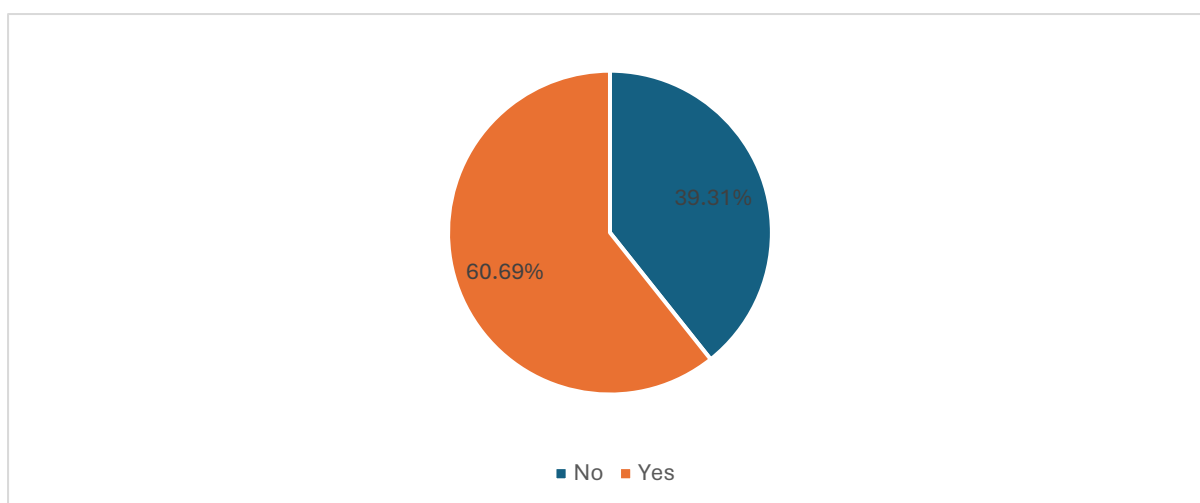

Fig 44: Pie chart on availability of hand sanitizing bay in camp

CONCLUSION: Based on the analysis, 60.69% of responded that there was enough hand sanitizing in camp while 39.31% responded that there were not enough hand sanitizing bays in the camp.

TABLE 23: WAS THERE AVAILABILITY OF CLEAN WATER?

WAS THERE ANY AVAILABILITY OF CLEAN WATER	FREQUENCY	PERCENTAGE
Yes	478	74.57%
No	163	25.43%
Grand Total	641	100%

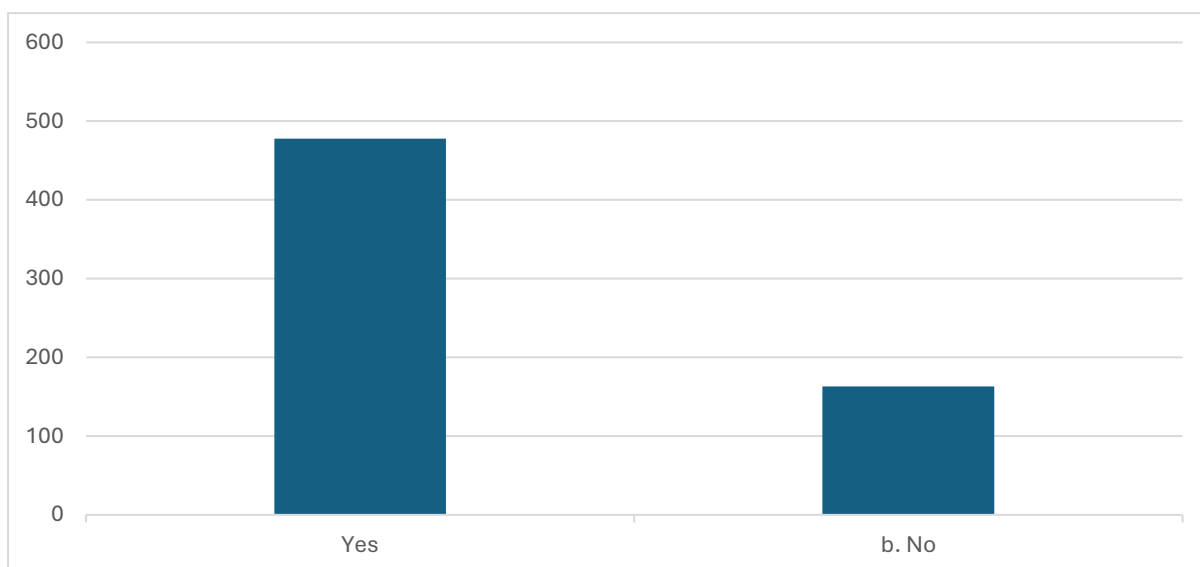

Fig 45: Bar Chart on availability of clean water for hand washing.

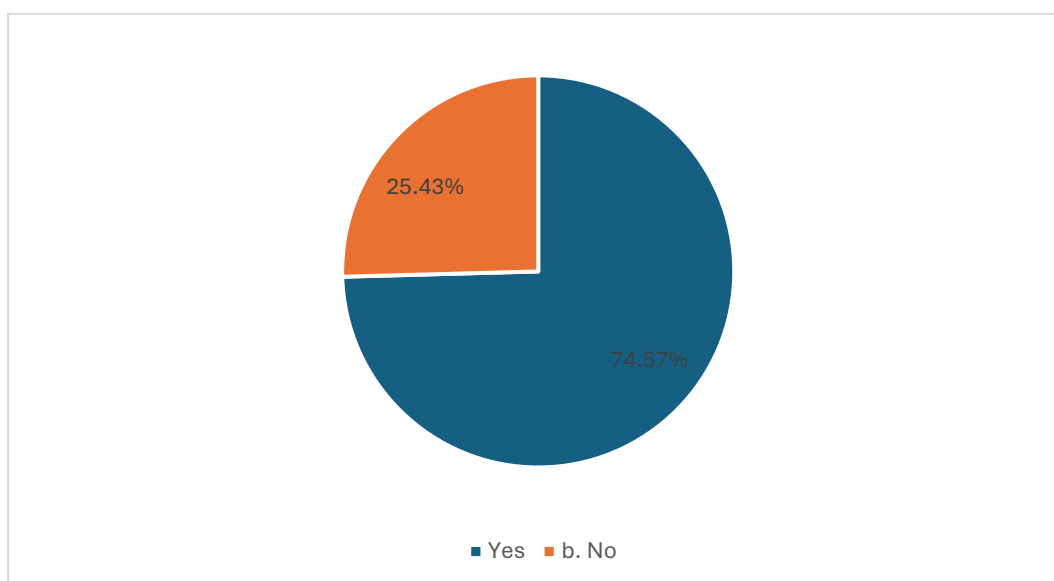

Fig 46: Pie Chart on availability of clean water for hand washing.

CONCLUSION: Based on the analysis, 74.57% of responded that there was enough clean water for hand washing in camp while 25.43% responded that there was not enough clean water for hand washing in the camp.

TABLE 24: HOW DO YOU RATE PUBLICITY AND SENSITIZATION ON COVID-19 IN THE CAMP?

HOW DO YOU RATE PUBLICITY AND SENSITIZATION ON COVID-19 ON CAMP?	FREQUENCY	PERCENTAGE
Very Good	100	15.60%
Good	379	59.13%
Poor	162	25.27%
Grand Total	641	100%

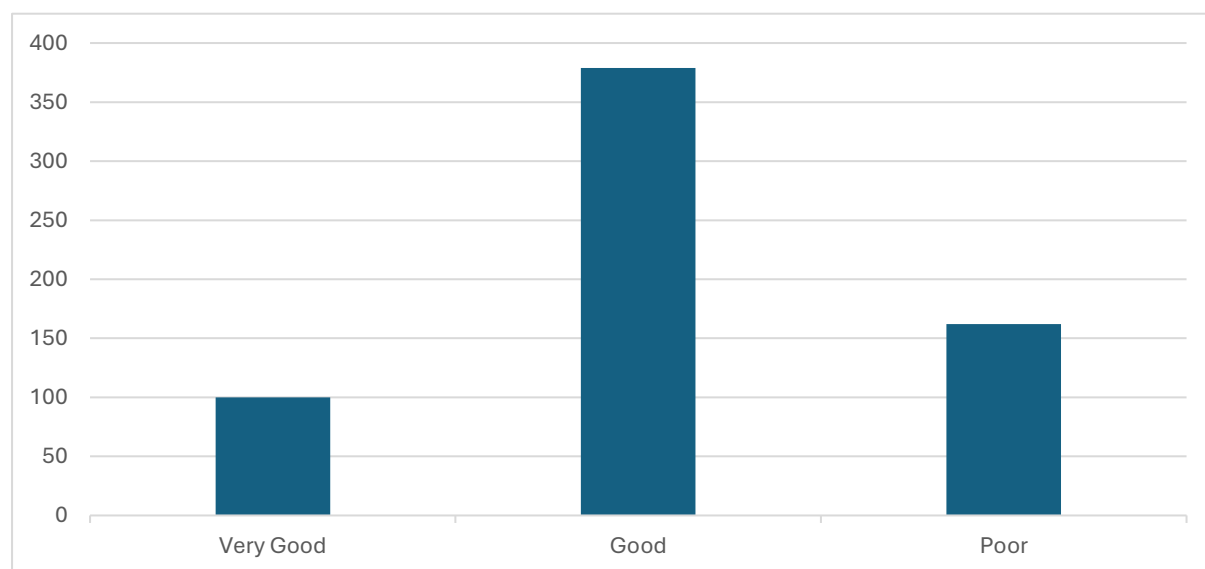

Fig 47: Bar Chart on publicity and sensitization on COVID-19 in the camp.

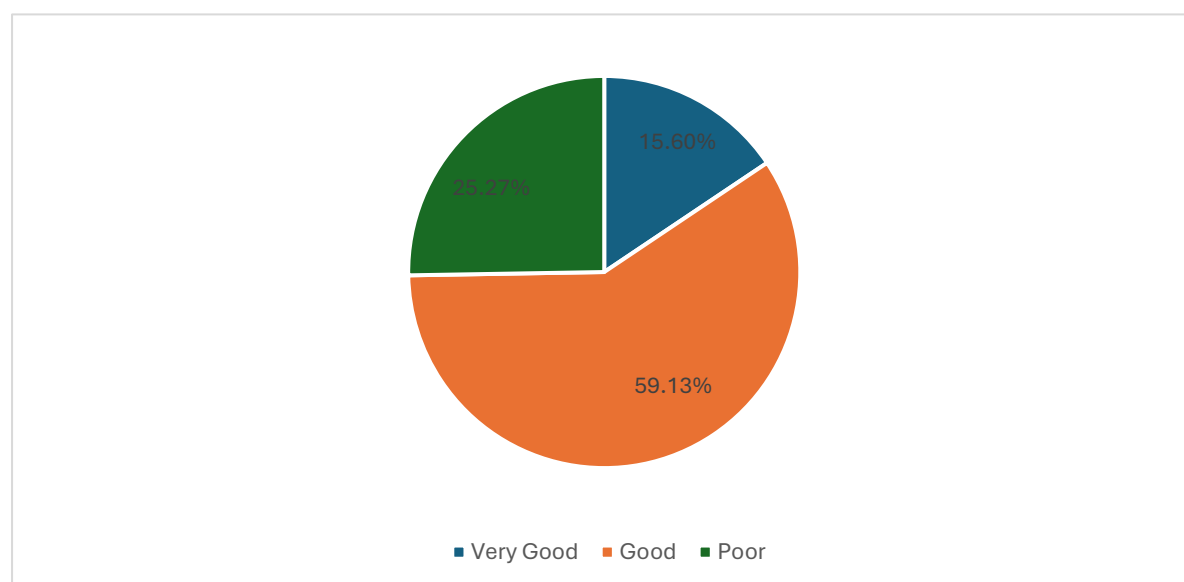

Fig 48: Pie Chart on publicity and sensitization on COVID-19 in the camp.

CONCLUSION: The analysis shows that 15.60% responded Very Good, 59.13% responded Good, and 25.27% responded Poor respectively on the publicity and sensitization on COVID-19 in camp.

TABLE 25: WAS THE MANDATORY USE OF FACE MASKS ENFORCED IN THE CAMP?

WAS THE MANDATORY USE OF FACE MASK ENFORCE IN THE CAMP?	FREQUENCY	PERCENTAGE
Yes	95	14.82%
No	546	85.18%
Grand Total	641	100%

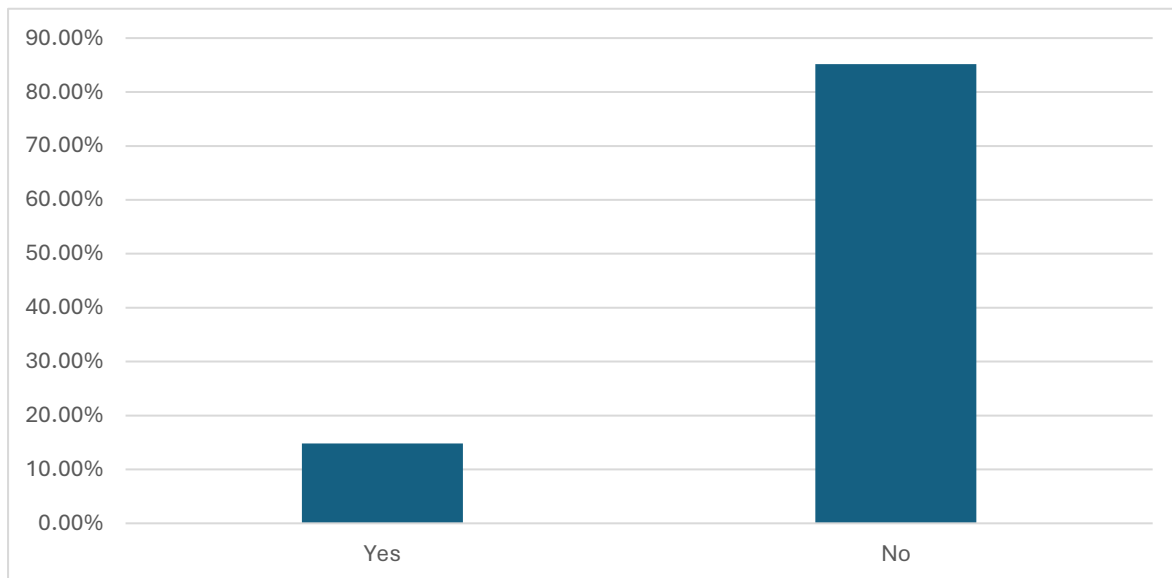

Fig 49: Bar Chart on mandatory use of face masks in the camp.

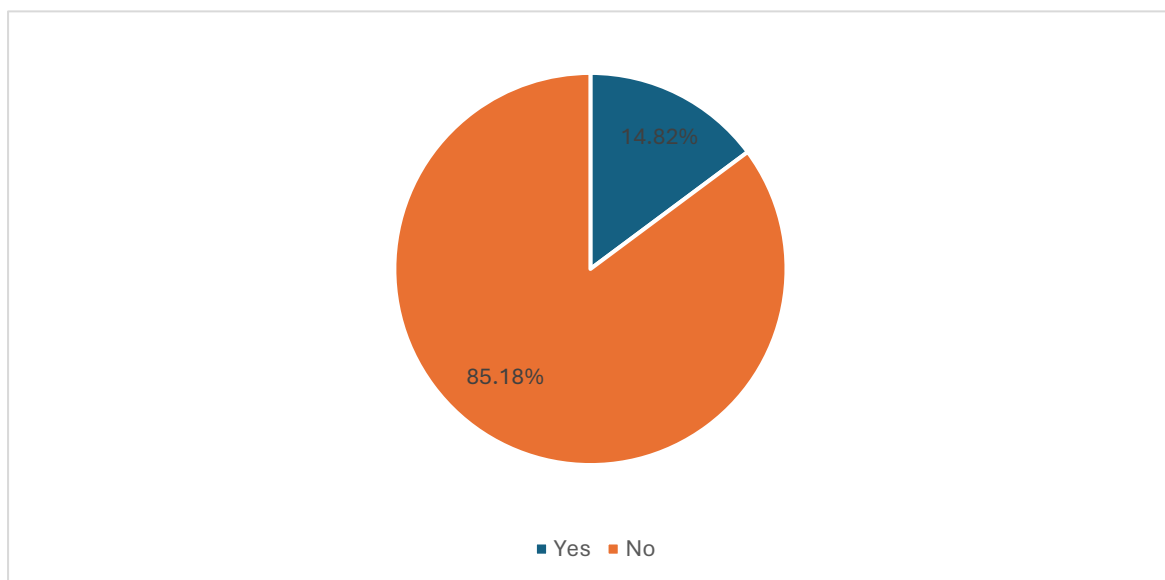

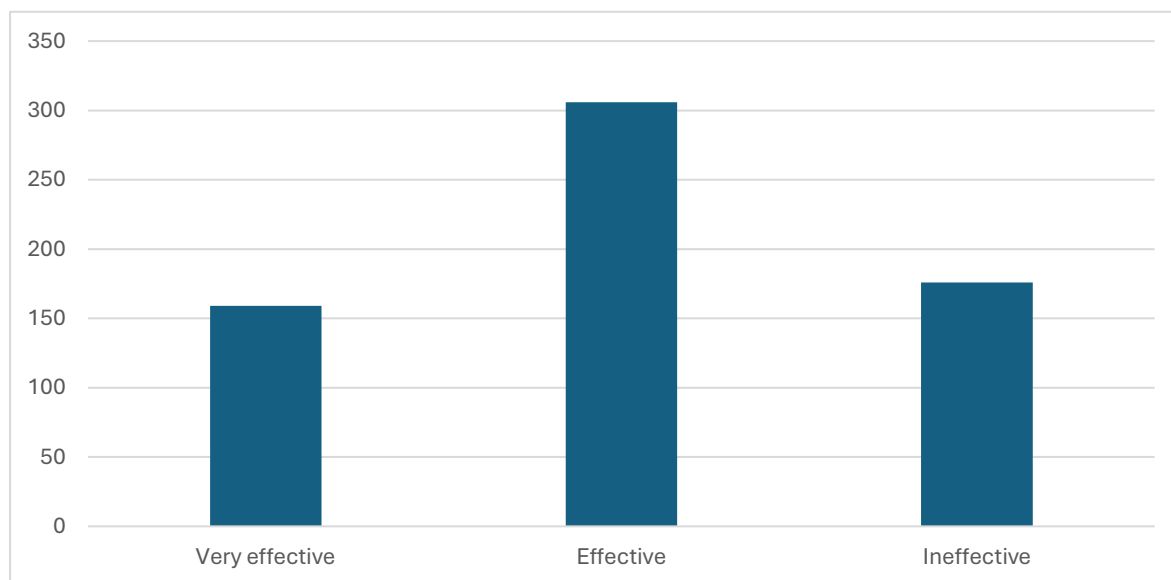

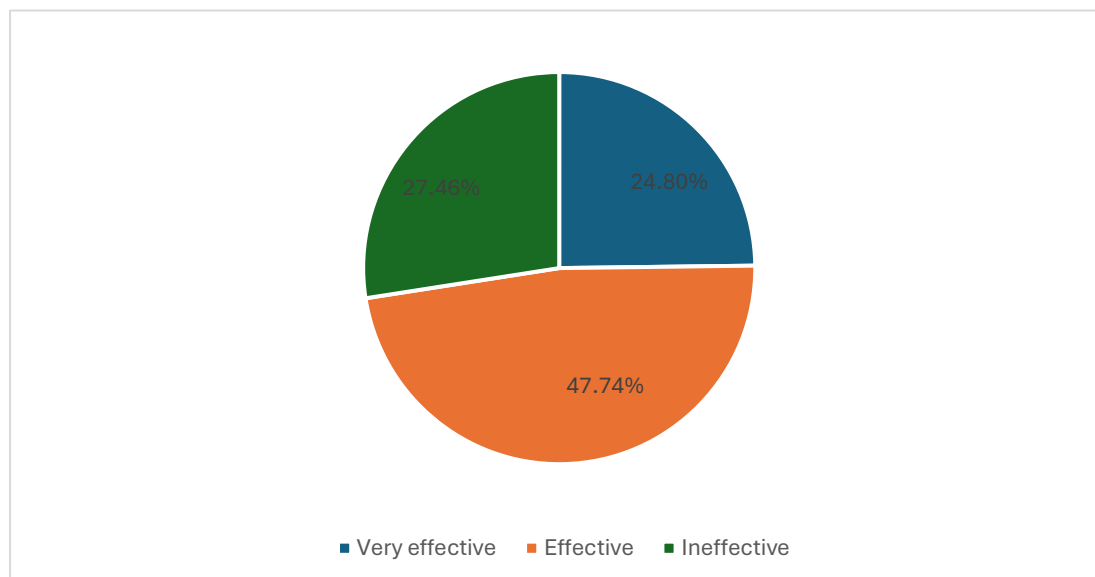

Fig 50: Pie Chart on mandatory use of face masks in the camp.

CONCLUSION: From analysis conducted on the mandatory use of face masks enforcement, 14.82% responded Yes, while 85.18% responded No to the enforcement of the mandatory use of face masks.

TABLE 26: HOW EFFECTIVE WAS THE TRAINING?

HOW EFFECTIVE WAS THE TRAINING	FREQUENCY	PERCENTAGE
Very effective	159	24.80%
Effective	306	47.74%
Ineffective	176	27.46%
Grand Total	641	100%

**Fig 51: Bar Chart on effectiveness of the training.****Fig 52: Pie Chart on effectiveness of the training.**

CONCLUSION: Based on the analysis conducted on the effectiveness of the training in camp, 24.80% response was Very effective, 47.74% was Effective, while 27.46% was Ineffective.

TABLE 27: ANALYSIS OF COMPLIANCE WITH COVID-19 SAFETY PROTOCOLS

How do you rate the NYSC safety on COVID-19 in the camp?	FREQUENCY	PERCENTAGE
Good	387	60.37%
Poor	106	16.54%
Very Good	148	23.09%
Grand Total	641	100%

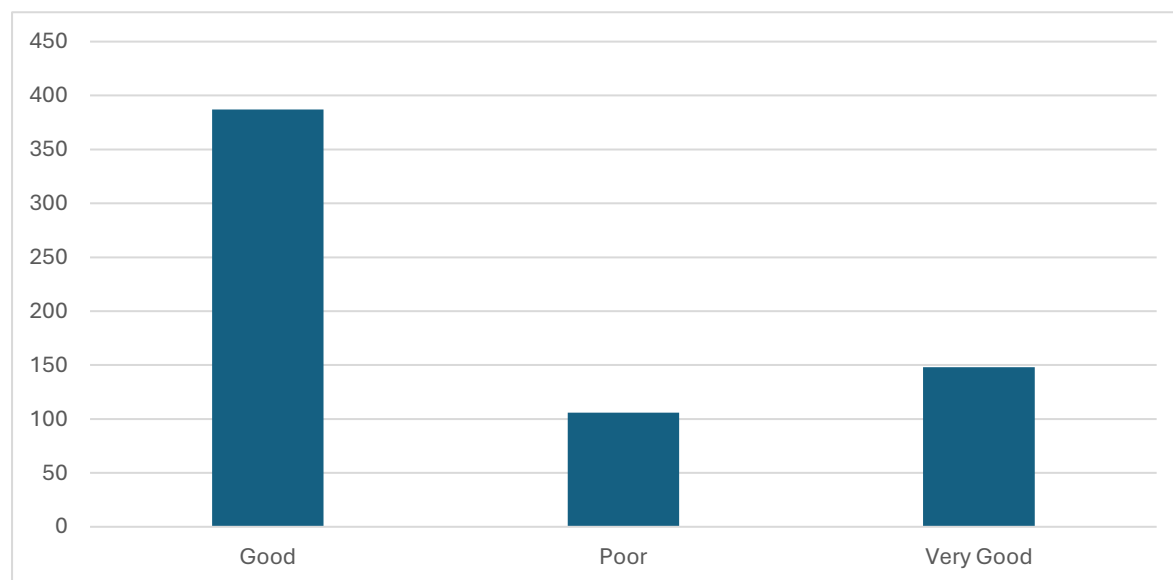

Fig 53: Bar Chart on compliance with covid-19 safety protocol.

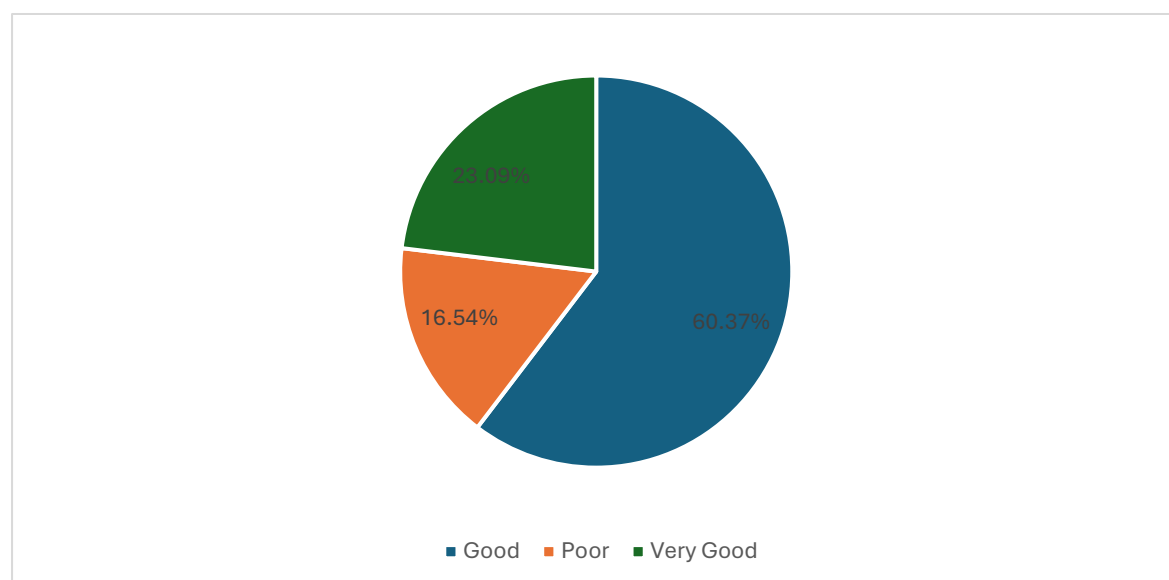

Fig 54: Pie Chart on compliance with covid-19 safety protocol.

CONCLUSION: Based on the analysis conducted on the compliance with the covid-19 safety protocols, 23.09% of the responses are Very Good, 60.37% are Good, while 16.54% responded Poor.

TABLE 28: CO-OPED CORP MEMBERS INTO CAMP COMMITTEES

Were corps members co-opted into camp committees?	FREQUENCY	PERCENTAGE
No	80	12.48%
Yes	561	87.52%
Grand Total	641	100%

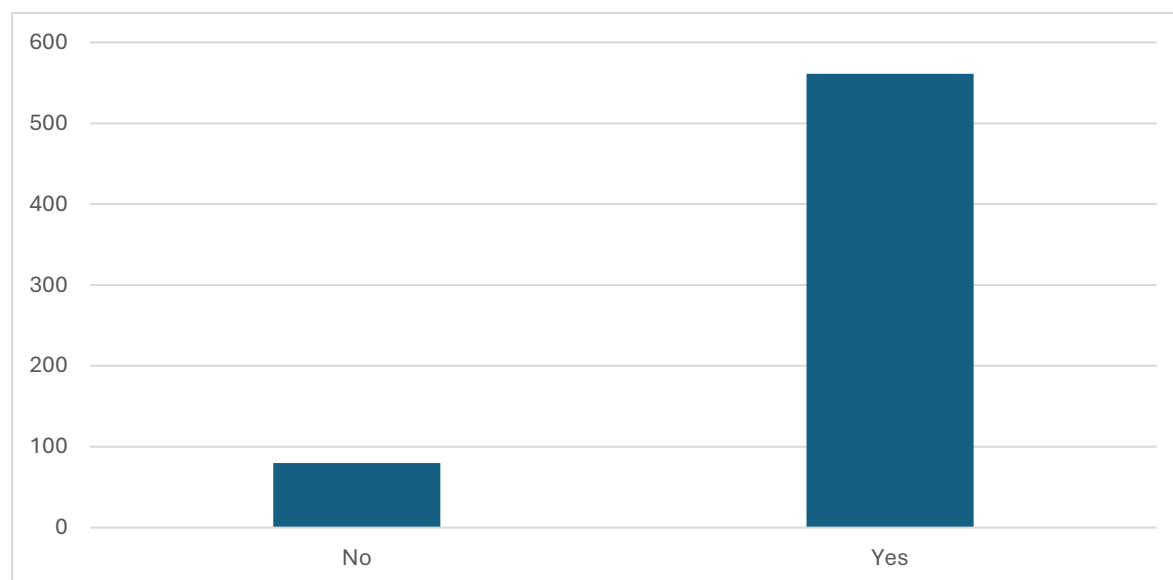

Fig 55: Bar Chart on co-opted corps members into camp committees.

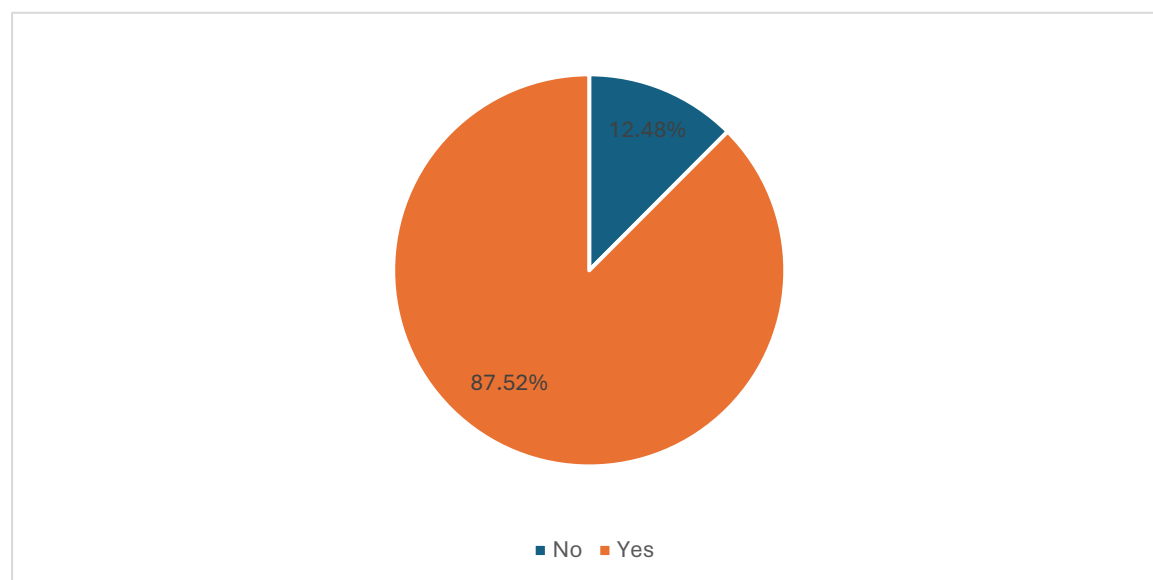

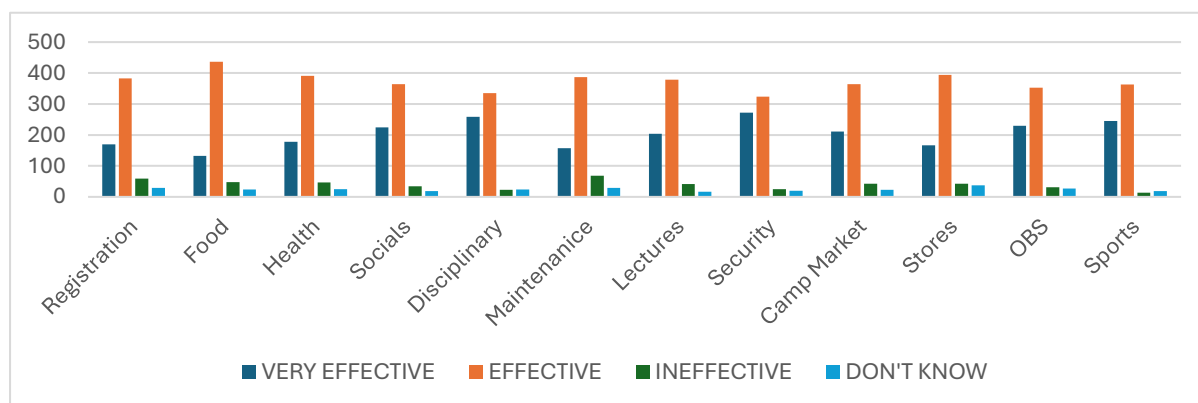

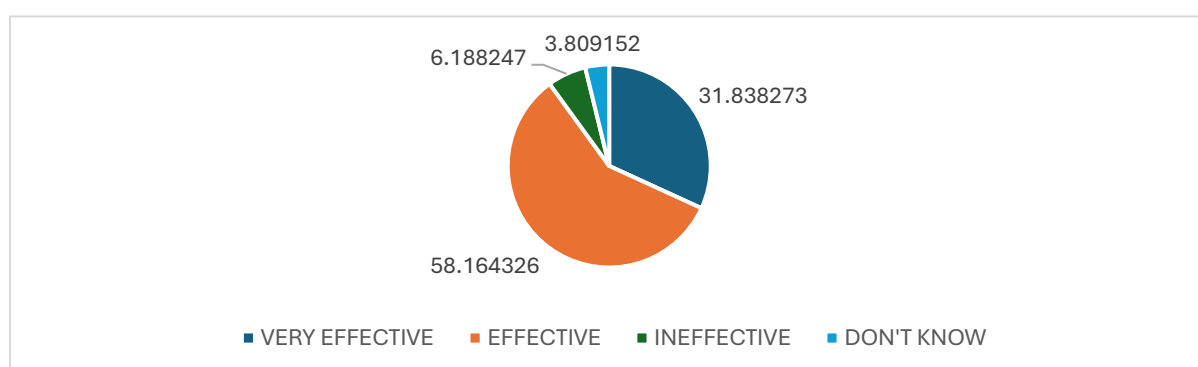

Fig 56: Pie Chart on co-opted corps members into camp committees.

CONCLUSION: Based on the analysis conducted on the Co-Opted corps members into camp committees, 87.52% responded Yes, while 12.48% responded No.

TABLE 29: EFFECTIVENESS OF CAMP COMMITTEES

Camp Committees	VERY EFFECTIVE	EFFECTIVE	INEFFECTIVE	DON'T KNOW	TOTAL

CONCLUSION: Based on the descriptive statistics of the camp discipline, 50.58% responses show that camp officials are Very Discipline, 47.24% response indicate Discipline and 2.18% response indicate Not Discipline.

**REPORT ON THE 4A
QUESTIONNAIRE OPINION SURVEY OF 2026 BATCH A STREAM II CORPS
MEMBERS REGARDING THE NATIONAL YOUTH SERVICE CORPS (NYSC) AT
THE CONCLUSION OF ORIENTATION COURSE**

A survey was conducted among the 2026 Batch A Stream II Corps members at the temporary orientation camp located at Government College, Kaduna. The total population of corp members who reported and registered at the Camp was 2895, consisting of 1191 Males and 1704 Females. These corps members were systematically divided into ten platoons, each overseen by an NYSC officials known as platoon officer. For the purpose of this survey, a random sample of 641 corps members were selected from the total population. The questionnaires were distributed equitably across all ten platoons through their respective platoon officers. Once completed, the responses were collected for statistical analysis.

1. DEMOGRAPHIC ANALYSIS RESULT

The demographic data reveals that the majority (29.48%) of respondents originated from the North Central region of Nigeria. The findings also indicate that 14.51% respondents are 25 years old with the average age being 25 years, and the minimum and maximum ages recorded at 18 and 31 respectively. Furthermore, religious affiliations among respondents show that 56.16% identify as Christians, while 43.21% identify as Muslims, while 0.62% are traditionalists. The gender distribution consists of 52.11% Males and 47.89% Females. Most Respondents reported being single. The educational qualifications among respondents show that 93.45% holds a bachelor Degree (BSc), while 6.55% possesses a Higher National Diploma (HND).

2. REGISTRATION ANALYSIS RESULT

Survey findings indicate that 99.53% of respondents preferred printing their call-up letters online whereas 0.42% opted to collect them from their respective institutions. Additionally, 86.92% of respondents found the Camp registration process to be stressful, while 13.88% did not experience stress during registration. Analysis of reception experiences upon arrival at the Camp reveals that 88.14% of respondents received a warm and friendly welcome, whereas 11.86% expressed their dissatisfaction with the reception they received.

3. HEALTH ANALYSIS RESULT

Survey results indicates that 96.88% of respondents confirmed the presence of a functional Camp clinic during the 2026 Batch A Stream II Orientation Course, while 3.12% confirmed that the Camp Clinic was not functional. Regarding compliance with COVID-19 safety protocols 60.37% of respondents rated adherence as GOOD, 23.09% rated as VERY GOOD, while 16.54% described the compliance as POOR.

4. CAMP ADMINISTRATION

In response to the inclusion of corps members in camp committees, 87.52% of respondents confirm participation, while 12.48% indicated otherwise. Regarding the effectiveness of camp committees, 31.84% of respondents rated them VERY EFFECTIVE, 58.16% rated them EFFECTIVE, 6.19% rated them INEFFECTIVE, and 3.81% were uncertain. Concerning the overall organization of the Camp, 57.28% of respondents described it as ORGANIZED, 30.11% is VERY ORGANIZED, 10.04% as NOT ORGANIZED, while 2.57% were uncertain.

5. RECOMMENDATIONS

Recommendations regarding feeding emphasized the need for improved quality and quantity to offset the high cost of food in the camp market. Opinion varied on social activities with some respondents advocating for better organization, other suggesting increased encouragements, while some proposed making participation optional. Additionally, recommendations were made to enhance the organization of sport activities and improve sporting facilities. A considerable number of respondents urge NYSC management to carefully consider size selection during the online registration to ease appropriate Kits distribution. Several respondents suggested enhancing the pharmacy of the clinic by stocking a wider variety of essential medications, while others recommended installing adequate lighting for early morning meditations. Concerns were raised regarding the inadequacy of transportation allowances with suggestions for a review, particularly for core members travelling from outside Kaduna State, as the current allowance was deemed insufficient. Finally, a significant proportion of respondents expressed overall satisfaction on approval of the orientation program.
